BUILDING RELATIONSHIP

Dear Children,

If you want kindness in the World, put it in there by building long lasting relationships for life:

- Make good relations, they make you laugh.
- Believe in yourself.
- Comfort your family and friends.
- Help them and stick by them through thick and thin.

Relationships are built on a strong foundation that is called **TRUST.**

It is these little memories that will last a life time with our Loved Ones!

Simrita Bawa - School Director

Dear BLPS family,

"A relationship is not based on the length of time we've spent together, it is based on the foundation we've built together." BLPS is committed to our mission of providing every student with the educational opportunities needed to be productive citizens in our ever changing society. The students, parents, faculty, staff and administration have worked diligently to maintain and meet the high standards and expectations. We consider ourselves a school where everybody is somebody, both academically and socially. Our theme is honouring the 3R's : building RELATIONSHIPS through RESPECT for RESULTS. My goal is to help students understand, through our modeling the appropriate behaviors, that these relationships are built through an attitude of respect for one another. Working in such a harmonious and respectful atmosphere should bring about the academic results as well as necessary emotional and social growth of our students. I'm afforded the privilege of serving and leading a school and community that understands the importance of UNITY, where STRENGTH is teamwork.

Ekta Dhawan - Principal
