“Arise, Awake & Stop Note, Till The Goal Is Reached”

Welcome to BLPS, where hard work is the only talisman and discipline, the only mascot. It is a dreaming place to learn with a chance to grow; a heaven with proud present and a promising tomorrow. Here the tradition shakes hands with modernity; creativity and vision are infinite and each child can see beyond horizon. We have infrastructure to move from snail-mail to e-mail on an express highway. By and by you will breathe that this school has proved to be the seed ground of many ideas.

George Washington has said “The life of a leader essentially is not that of mastery, but of service.” As being the School Cabinet Director, I, Urvi Chawla, would like to advise all my fellow friends that one should not be afraid of pursuing one's dreams, but at the same time, we must uphold our values. I thank the school management, my esteemed Principal & teachers who laid faith in me and elected me as “School Cabinet Director.” I assure you all that I will keep striving hard. “Strive for the excellence & success will follow you.”

I would definitely say that education is the key to unlock the golden door of freedom. Each parent wants an overall development of the child which is here in our school. As being the school Cabinet Director, I realized that how many efforts are being put up by the teachers. I would like to express my immense gratitude to Principal Mam for giving me this post. I, Hardik Gupta, assure BLPS family that I will always abide by the terms & conditions of the school & I also promise my schoolmates & peers that there will be no biased decisions from my side.
