Rainfall Dates: 2,6,7 & 21st October

Holiday Dates: 2,10,11,30 & 31st Oct.

Dear Students

Preparation is the best way to deal with examinations! Exams challenge you so that you can change and learn. The main objective of testing is to understand that dreams only work when you do!

Set up yourselves to be courageous to participate in any area.

Remember God helps those who help themselves.

Simrita Bawa - School Director

Dear Students,

"You are the nation builders. You are the movers of technology. You are the agents of change. "

The month continues to be very busy and constructive at BLPS. Treat your exams like a punching bag. All you have to do is to use strength of your memory and punch all your tests. Nothing can come in-between you and your destiny, if you grab hold of every opportunity. Nothing can come in-between you and your fate, if you strive to be great. Nothing can come in-between you and your success, if you give your best shot. **DON'T FOLLOW FOOTSTEPS, LEAVE YOUR OWN.**

Your aim should be to LEARN, not to STUDY. Hence, strive to travel beyond the boundaries of mere books.

YOU DON'T HAVE TO BE GREAT TO START, BUT YOU HAVE TO START TO BE GREAT.

Ekta Dhawan - Principal

Parents' Feedback

It is a matter of great pleasure to write a few words about BLPS which has proved as an excellent, outstanding and prominent school among the other district schools of Kapurthala. Before the admission of my daughter, Himani Bir, of XI-C, I tried my best to find the most suitable school with pleasant atmosphere and provision of sports activities & discipline and I am proud to write that this school has been the most appropriate, useful & beneficial in all aspects. I appreciate the arrangements being done by the principal and staff for the betterment of the students. I wish that this school may progress by leaps & bounds.

Mr. Rupinder Kumar Singh Father of Himani bir(XI-C)

I am the proud father of Manroop Walia of grade XI -Commerce. Before admission, I was very perplexed but today when I see a change in my daughter's confidence level, her way of communicating with the change in scenario, I feel elated.

School is not only providing theoretical knowledge but also practical knowledge to move in society. School is conducting various activities and competitions which give exposure to the students because now-a-days women are not confined to the four walls.

Mr. Parminder Singh Walia Father of Manroop Walia (XI)

Teacher's Day Celebration :

Teacher's day was celebrated with zeal and a great deal of enthusiasm. The day started with offering tributes to Dr. Sarvapalli Radhakrishnan. Teachers impart academic knowledge and develop their students into adaptable members of society which enable them to face up to the challenges in life. All the teachers were invited for an event organised by students studying in class XI and XII. Teachers were accorded 'titles' as per their disposition & personality. Students did all the preparations enthusiastically which included various performances. Students adorned as teachers, got a fair idea of the efforts invested by their teachers day in and out!

ACTIVITIES OF THE MONTH

Grandparents Day Celebration :

Our delightful kindergartners celebrated Grandparents Day with a great deal of fervour & joy. Our aim of celebrating National Grandparents Day is to honour grandparents , to give them an opportunity to show love for their children's children & to help children become aware of the strength, information and guidance older people can offer. As best expressed by Alex Haley - "Nobody can do for little children what grandparents do. Grandparents are a sort of stardust sprinkled over the lives of little children."

PTM :

The Parent-Teacher meetings act as a booster for family involvement in the

students' classroom and help promote positive outcomes for Students, Parents & the School. Parent-Teacher meetings are indeed a lovely opportunity of 1) Sharing academic progress of Students' and their growth , based on classroom observations. 2) Learning from parents so that we can be better informed about students' strengths, needs, behaviours, and learning styles. 3) Discussions about issues that may be interfering with students' learning and growth.

Excursion to Science City :

The Study trips are a tradition for students of all ages at BLPS. The Study trips work as a catalyst to ignite our students' curiosity for science with a day of exploration and discovery at Science City. Students Studying in Std II to V ventured on a Study Tour to the Science City. The Day-long science city study tour featured watching many science exhibits from the forefront of innovations the World over. Students were informed about the scientists behind cutting edge science and technology exploring everything from Flora, Fauna, Human life & Robotics !

Best Teacher Award :

On the occasion of "Teacher's Day", two teachers of BLPS were honoured with "Nation Builders Award" because of their sincere efforts and hard work in the field of education. The event was organized by Rotary Club. Mrs. Neha Khanna and Mrs. Paramjit Kaur have enlightened the courtyards of BLPS with their teaching skills and bonding with the students.

K.G I A	DANYA TIWARI
2 nd C	HASAN ABDAL SINGH
4 th B	VISHESH
8 th B	DEEPIKA NEGI

SONG OF THE MONTH

"Magic Moments"

Magic moments, when two hearts are carin'
 Magic moments, mem'ries we've been sharing
 Magic moments, mem'ries we've been sharin'
 Magic moments, when two hearts are carin'
 Time can't erase the memory of
 These magic moments filled with love

The telephone call that tied up the line for hours and hours
 The Saturday dance I got up the nerve to send you some flowers

Magic moments, mem'ries we've been sharin'
 Magic moments, when two hearts are carin'
 Time can't erase the memory of
 These magic moments filled with love

(The way that we cheered whenever our team was scoring a touchdown)
 The time that the floor fell out of my car when I put the clutch down
 (The penny arcade, the games that we played, the fun and the prizes)
 The Halloween hop when everyone came in funny disguises

Magic moments filled with love

IDP Workshop :

A comprehensive IDP workshop was organized for the students of grade XII. It provided important information to the students related to preparation for pursuing under graduate study at Universities abroad. The workshop threw light upon the following 5 aspects:

1. Finance and work options
2. Cross-Cultural Development
3. Health and Safety
4. Pre-Departure Planning
5. Scholarship Plans.

The Expert anchor at the event - Shri. Vijay offered guidance to the students about all compliances.
