## PRINCIPAL'S MESSAGE

Dear Parents,

"We live in the present, we dream of a bright future and we learn from the past."

We cherish little moments that make our life JOYFUL. The word MOTHER and its embodiment is most soothing to each of us! Mothers are God's substitute on Earth. Our dedicated and loving team of Kindergarten Instructors endeavor to provide an as Good as Mother's care to every Student & together with your participative support, in our care, your children shall grow to be the best they can be. Happy Mother's Day!

Ekta Dhawan - Principal

## PARENT'S MESSAGE

As a parent, I'm really drawn by core knowledge curriculum of BLPS with so many extra-curricular activities. It is a school with qualified, experienced and nurturing teachers and with ideal environment for my daughter's age. My daughter's social and communication skills really got improved with gentle guidance of her teachers. The function was organized to celebrate 'Mothers day' in its premises on 06-05-17. Function was spectacular and it was an absolute delight to watch the kids performing with so much confidence. Any amount of praise can't suffice to thank the entire team of BLPS for making the event a grand success. Thank you BLPS, for making the most important and fundamental year of my daughter's growth so meaningful and for providing her with great foundations.

## Mothers Day Celebrations:

God could not be everywhere, and therefore he made mothers. The Kindergarten conducted Mothers Day Celebrations on 6<sup>th</sup> May, 2017. It was celebrated to salute the motherhood as well as to increase the influence of mothers in the society. Kindergarteners performed by expressing something about their mothers through poem recitation, speech narration, dancing, singing, conversation etc. The school also congratulated the winners who had taken part in the activities during 2016-17 session.

### Colouring Competition:- "Every Child is an artist"

To explore the creative potentials in the young minds of our pre primary children, a colouring competition for Nursery to KG-II was organized at BLPS. The children showcased their fine motor skills through their beautiful works of art.

## SWIMMING ACTIVITY:

Swimming :-Teaching your child to swim and encouraging him to swim regularly can have significant benefits for his health and safety. Especially on a hot day, swimming is a way to keep cool while encouraging a healthy level of physical and social activity.

Top 5 Benefits of Swimming(for Kids):

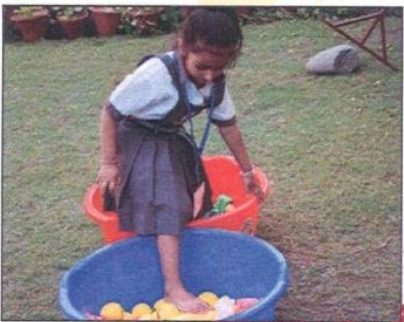

- Fitness
- Health
- Strength and Coordination
- Water Safety
- Confidence and Motivation

Swimming uses each of the body's major muscle groups and is a fantastic aerobic activity to get your child's heart pumping.

## SENSORY SKILLS ACTIVITY:

Kindergarten introduced a special amusement routine to develop Sensory skills in the Pre-schoolers Dt: 28-4-2017. Children were seen applying their senses, their minds and their bodies to find out about of what they see, feel and experience by walking through the natural objects - Sand, Pebbles, Water , leaves etc !

One book, one pen, one child and one teacher can change the world. Teaching Kindergarten is a very noble profession that shapes the character, caliber and future of children. The greatest joy in working with this group is seeing how much academic growth each child makes during a year. They are so enthusiastic about learning and I love watching them how to learn, how to read, how to interact with others. I love watching a child helping out the other by tying a shoelace or zipping a coat. I feel very fortunate to be a part of their initial years in school.
