Dear Parents & Guardians,

Merry Christmas!

As we approach the end of 2018, I would like to take this opportunity to thank you for the support you have given both to your child and to the school. It is wonderful to end the year on the highlight of being judged "Good" by Brainfeed (School Excellence Award) in all categories: Achievement; Teaching; Behaviour and Safety; & Leadership. This puts us on the right track to becoming a more engaging and caring Kindergarten in 2019.

Happy Holidays & Best Wishes.

School is the first step of making a child familiar to the world outside his parents love & comfort. So choosing a school which can mould the child's future in a right direction becomes the biggest concern of parents. We as parents feel greatly satisfied and secured in choosing BLPS as our children school. The school has been playing a great role in building the character of the children. It not only focuses on the academic development of our children but also on the physical, mental & social development. Since they spend most of the time in school, they have been gaining confidence because of the environment that the school provides. So BLPS is the right choice for our children's life to bloom in it's arms.

PICTURE TALK COMPETITION

Our Kindergarteners studying in Grade KG I & KG II put up a set of solo performances based on a theme titled 'Describe a Photo'. Kindergarteners Looked at pictures carefully and took a few moments to think before expressing themselves within the stipulated time. Kindergarteners spoke in English to explain the part of the picture they were talking about.

The Stories were narrated to our kindergarteners duly supported by performances through actions and sounds.

ART & CRAFT

Our Kindergarteners studying in Grade KG II B were actively engaged in an Art & Craft Activity , duly assisted by their form Tutor Parinder Kaur. The kindergarteners enjoyed pasting strands of grass on the pictures. It was a fun-filled experience!

TEACHER'S NOTE

Reading is one of the most important skills children can learn. School is the temple of learning. It is where they feel most confident, happy and supported. Students get involved in the stories they read. They imagine the characters and the adventures they have. It increases their thinking and imagination power. They think about what is happening and they share the emotional journey of the book's characters. I as a facilitator encourage reading and listening to stories.

Dashing through the snow In a one-horse open sleigh Through the fields we go Laughing all the way. Bells on bob-tail ring Making spirits bright What fun it is to ride and sing A sleighing song tonight.
