Dear Students

The number one success principle in life is self-discipline. You must endeavour to be independent, doing the things you need to do, when you need to do it, whether you like it or not! Kindly make your goals for life and be committed to them. It is an important skill you must develop in your young journey.

Simrita Bawa - School Director

Education is not merely acquirement of facts but also of values which help us to improve the different facets of mankind. A pivotal role of education lies in shaping the personality of a child into healthy mind and happy soul. We enterprise to map academic excellence with a good human value system which in myriad ways is ingrained in the culture of school.

In this pursuit of excellence, I appreciate our parent fraternity for supporting the school in every aspect. I also laud the relentless efforts of our teachers for giving their best in bringing out the best in each child. But I would exhort the students to be always modest, humble and discipline while being ready to expand the horizons of their knowledge and skills by dreaming big and working hard.

(Vice Principal)

Feedback from Parents :

मैं अपने बच्चे की किसी अच्छे स्कूल में दाखिले को लेकर बहुत चिंतित थी । मैंने बहुत से स्कूल देखे ताकि मेरा बच्चा पढ़ाई आसानी से कर सके। And then my family said Bawa-Lalvani Public School is the best school. They said that the teachers of this school are very cooperative and study is very comfortable, smooth and the future is secure in this school. My daughter is doing her study very comfortably. BLPS is the best school in the city.

Being in the Army we are transferred regularly. On being posted to Kapurthala, a small town, we were apprehensive about the schools for our daughters. However, after more than a year, we have experienced that the school is giving good exposure, in various fields, to the students. Be it the Model UN, debates in Science City, Inter-school sports competition, Summer Camps, the club activities or swimming. Last but not the least, the sincere efforts put in by the teachers is also highly commendable.
