Affiliated to C.B.S.E. New Delhi (Affiliation No. 1630328)

Issue No:2/Vol:14 (June-July 2015) Avg. Temperature in July: 35 °C Rainfall Dates: 3<sup>rd</sup> & 11<sup>th</sup> August Holiday Dates: 15<sup>th</sup> & 29<sup>th</sup> August

Dear Students  
Let us preserve and nurture Nature! Flowers and trees are the wordless prayers of Nature. One must endeavor to become like a flower: Open, Frank, Equal, Generous and Kind. I wish you Good Luck for an exciting term ahead.  
**Simrita Bawa - School Director**

Bawa-Lalvani Public School, proudly announces the appointment of Mrs. Daisy Gupta as the School Vice Principal. A glimpse of her interview taken by the Student Editorial Board.

**Daisy Gupta**  
(Vice Principal)

**Q. How do you feel on being appointed as the School Vice Principal ?**

I feel privileged and honoured to be the head of one of the best schools of the region which impart quality education with latest technology. The school aims to nurture the educational personal, social and physical growth of pupils and I promise to continue the same.

**Q. How do you see our school as compared to the other schools of Kapurthala?**

I find my students at par or even better than the students of other schools. Kapurthala being a small city we are creating opportunities for our students to excel in all fields.

**Q. Your Message to the students:**

Dear Children, it will be my endeavour to retain the smiles on your faces, channelize the energies of youthfulness while sensing the beautiful connectivity between heart, character, nation and the world.

**Feedback from Parents :**

**Ms. Deepshikha Chakroborty**

We were recently posted to Kapurthala, and I put my sons in one of the reputed schools of the city, but was so disappointed that just a few days later, I shifted them to BLPS. And I'm glad that I did. Excellent teaching staff, activity based curriculum and the aim of school – Creating global citizens has made me and my children extremely satisfied.

**Mr. Tajinder Mohan & Mrs. Madhu**

Thanks to the timely action taken by Ms. Daisy Gupta, our daughter Maansi, of Grade XI-A was given first aid immediately, when she fell unwell one day. The school authorities brought Maansi home and she was escorted by a guardian teacher. A very kind and considerate gesture, for which I am thankful.

The monsoon is encouraging and our students are delighted to be back at school to their routine once again.

The focus of today's education system is on reporting child centric education in an interactive manner so that every student develops a quest for learning. It is our endeavour to lay the foundation for children's formal introduction to reading and language. So we try and strike a balance which makes learning interesting.

**Kindergarten :**

The Kindergarten Wing enjoyed the fun filled activities like Toy Joy Day, Shaping up Triangle and Colour me blue.

### Science and Math Model Making :

Model Making encourages the students to learn while doing. Science Model Making by class IX and Math Model Making by class X was done on 16<sup>th</sup> and 17<sup>th</sup> of July respectively. Students got together and exhibited their models in groups. Ms. Simrita Bawa ( School Director) and Ms. Daisy Gupta declared the following results.

1<sup>st</sup> Position – Aqib, Dhairya (9 – A)

2<sup>nd</sup> Position – Janvi, Kanika, Nikita, Nishtha (9 – B)

3<sup>rd</sup> Position – Harshit and Deepan (9 – A)

### Free Expression Drawing Competition :

Armed with colours and bright ideas, the students of grade I –IV splashed their creative vision in the 'Free Expression drawing Competition' held on 24<sup>th</sup> July and 25<sup>th</sup> July. We understand that free expression is of extreme value to a child as it stimulates observation and preserves power of imagination. Children participated earnestly in the competition and came up with amazing artwork in drawing.

### Poster Making :

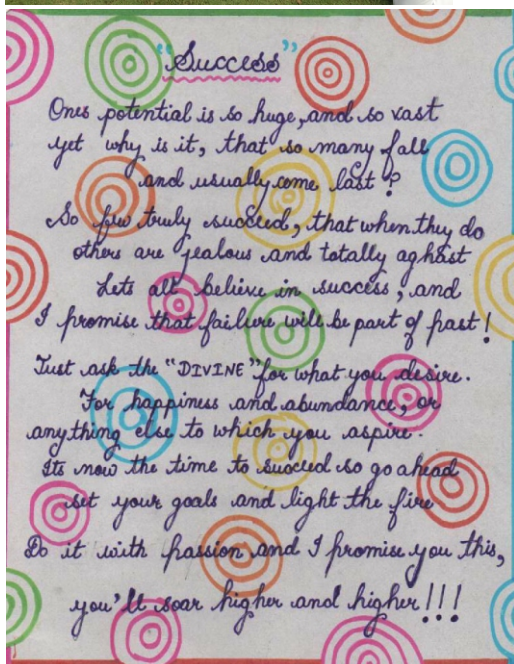

Poster Making Competition was organized in the school on 25<sup>th</sup> July , 2015. The students of grades 7 & 8 were given a creative platform to present their views on the

extremely sensitive issue of 'Child Labour' . They made posters to give expression to their thoughts. We all are aware that despite a number of efforts made for the eradication of child labour, the situation remains still grave and we at BLPS strongly believe that school is the best place to educate the society. Students took keen interest in the competition and tried their hands on drawing sheets. Posters depicting tragic and overwhelming scenes of tiny hands doing hard work resurfaced in front of eyes giving the clear picture of Society's atrocities.

### Special Assembly on Environment Day :

On the 25<sup>th</sup> of July , a Special Assembly was held to celebrate World Environment Day. A short Street Play on the same topic was performed by the students of class IX and X. Students gave their contribution as a promise by planting a sapling in hope of a cleaner and greener environment.
