**“Kirat Karo - Naam Japo - Vand Chakko”**

Earn an honest, pure and dedicated living by exercising God-given skills, abilities, skills and hard labor for the benefit and improvement of the individual, family and community. Remember God and thank him for his mercies. Share what you have with the not so privileged.

Dear All - Say Cheese!

Smile more often! Smiles are universal greetings. They make you look more pleasant and trustworthy as well as releasing endorphins-making you feel better too! Smiling is very important for your well being, as the people who smile, live longer, are less stressed and are more successful in life! The good news is that it doesn't cost a thing. Children, happiness is hidden in the corner of your mouth. Turn that frown upside down because when you smile you make the world smile.

**Let your soul smile through your heart and your heart smile through your eyes, to scatter rich smiles in sad hearts.**

### Feedback from Parents :

I am here to express my feelings about my son Akshit Aggarwal studying in VIII-C and school management as well. A lot of Changes have been seen during this year in every field. Though he is in this school from the very first day of his schooling but every consecutive year, I feel proud to be a part of BLPS. Teaching Staff is very helpful and caring especially his class teacher Ms. Harpreet Kaur, she not only teaches but also motivate students to take part in extracurricular activities too. The way BLPS organized its Annual Function this year was really remarkable. I am really thankful to the Director Ms. Simrita Bawa and the Principal Ms. Ekta Dhawan for making BLPS an Educational Hub in our city.
