HALLWAY HEROES: DESIGNING SUCCESS!

Students (Form Nursery up to KG II) participated Intra-Form Display Board Designing & Making Contest. Students from Nursery Blossoms, KG-I Adorables and KG-II Commendables were adjudged 'Bulletin Board Champions.' They created boards that promote a positive and inviting atmosphere in school hallways and classrooms.

TRANSFORMING IMPRESSION INTO ART!

School held Impression Painting Competition 2024 for Preschoolers - a joyful experience allowing preschoolers space for creativity, thereby paving a way to create unique works of art specific to their imagination. The contest was judged for a) Colour Scheme b) Impressions c) Neatness & d) Presentation.

LITTLE RACERS! BIG WINS!

School hosted a thrilling Tricycling Competition for Kindergarten, which reached an exciting finale. The young students eagerly competed to see who could pedal the fastest and reach the finish line first. Their determination and enthusiasm were truly inspiring! The event was not only fun but also a valuable learning experience, teaching the importance of perseverance, teamwork and healthy competition. Congratulations to all our little racers for their outstanding effort!

PRINCIPAL'S MESSAGE

Dear Little Stars

Get ready for an exciting month filled with joy, learning and celebrations! Our most magnificent national festival, Independence Day, is just around the corner. It's a time to honor our brave heroes who fought for our freedom and learn about courage, unity and patriotism. Next, how can we skip the festival of brother-sister love? Raksha Bandhan celebrates the loving bond between brothers and sisters, teaching us about love, care, and protection. Then comes Janmashtami, the enchanting birthday of Lord Krishna. Through his stories of fun, mischief and wisdom, we learn about kindness, honesty, and the joy of sharing. But celebrations aren't just about fun—they're also about learning and growing together. As we dive into these festivities, let's remember the importance of our studies. Each festival brings valuable lessons that enhance our learning journey. This is a wonderful opportunity to blend our festive joy with educational growth. Let's embrace the magic of these celebrations with open hearts and curious minds. Together, we'll create beautiful memories, strengthen our bonds and enrich our knowledge. Enjoy the festivities, learn something new every day and continue to shine bright in everything you do!!!

With warm wishes and festive cheer!!

God Bless Us All!

Dr. Ekta Dhawan

ACTIVITIES OF THE MONTH

WATER WONDERS: SPLASH INTO FUN!

Kindergarteners were actively engaged in beginner swimming lessons. By incorporating play into the water and presenting the pool as a playground, we have motivated our preschoolers to start loving and enjoying swimming.

BALL PIT BONANZA: TOSS, ROLL, PLAY!

Kindergarteners in Form KG I love playing in the ball pit. They dive in and have fun crawling through the balls and tossing them around. Throwing and rolling the balls supports their fine motor development and is a great activity for sensory play. As the preschoolers move through the balls, it provides them with a calming and fun learning experience.

SHAPES GALORE: BOOSTING VOCABULARY AND FUN!

Preschoolers in Form Nursery were actively engaged in learning about shape recognition. They are fascinated by the variety of forms in their environment, from the square blocks they play with to the round sun in the sky. The fundamentals of shape recognition lay the basis for many elements of a preschooler's development.

SONG OF THE MONTH

Shake one leg to the left and shake the other to the right.

Move it with me.

Wiggle your shoulders back and forth. Wiggle your shoulders down to the floor.

Move it with me.

Stretch your arms up to the sky. Bend down low and touch your toes.

Move it with me.

Kick your feet and keep them low. Now kick your feet up very high.

Move it with me

Jumping forward and side to side. Jump on back, give one foot a try.

Move it with me.

Jog in place, nice and slow. Jog real fast and watch us go.

Move it with me.

BOGGLE BLITZ: WORD GAME WHIZ!

Students in Form KG II were actively engaged in the word game "Boggle," which is effective for learning vocabulary. The best part of playing Boggle is trying to create words without worrying about being wrong.

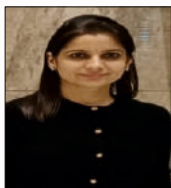

EDUCATOR'S ECHO

As a Kindergarten Instructor, I have the privilege of engaging with the most delightful and exuberant stage of childhood, interacting with children aged 3-4 years. Each day presents a new opportunity to address various developmental needs and personalities. In my teaching, I prioritize instilling productive education, good manners and joyful learning. My aim is to make every class vibrant, enjoyable and educationally enriching. I firmly believe in the principle of "learning by doing," which is a core part of my daily teaching approach.

Ms. Bharti (KGT)

PARENTAL PLAUDITS

Schools play a crucial role in a child's development by offering opportunities for academic, social, and emotional growth while fostering a nurturing environment for their overall well-being. At BLPS, all teachers and staff consistently go the extra mile to create a warm and welcoming atmosphere for our children. Their commendable efforts bring joy and cultivate a genuine passion for learning. Since my younger daughter enrolled at BLPS a few months ago, I have observed a remarkable positive change in her, which fills me with immense happiness. In summary, BLPS is an exceptional institution that excels in nurturing the comprehensive growth of its students.

Dr. Jyoti Malhotra (Mother of Ditya Malhotra - Nursery Adorables)
