PRINCIPAL'S MESSAGE

DR. EKTA DHAWAN
PRINCIPAL

It is not in the stars to hold our destiny but in ourselves!

Greetings!

Another engaging month and a special one too!

Last month witnessed the launch of numerous School Activities (especially Adventure Camp) in the school. The students were engaged fruitfully in these activities provided by the school and we are very happy to see their progress. And, now we are gearing towards our Variety Show - Season II i.e. GRACE, SPACE & PACE 2022, I urge all the parents to explore these school programs. These weeks promise to be a great learning experience for the participants. Together let us explore the world of knowledge, unravel the mysteries of the world. Together we can and we surely will make a difference!

God Bless Us All!

Our Pre-Primary Grades were actively engaged in 'Adventure Sports' lessons. These sporting games are exclusively designed as a programme to facilitate an effective initiation into the world of organised sport, with a focus on readiness and the acquisition of fundamental skills. Our Kindergarten Teachers encourage young students to meaningfully engage in sports and cultivate the desirable habits associated with health and well-being.

ACTIVITIES OF THE MONTH

INTER CLASS STORY TELLING COMPETITION 2022

Kindergartners were actively engaged in Learning & Practicing 'Narrative Art - Story Telling' as a contest. It's an Art for our young students to cultivate existing talent - narrates their voice, way they speak, helps them capture imaginative themes. Kindergartners were observed for a) Clarity of Speech & Poise, b) Clarity of thought & c) Sentence formation.

WHY FIT IN WHEN YOU WERE BORN TO STAND OUT?

Preschoolers were actively engaged in practicing skill of balance to be able to control and maintain their body positions when sitting or standing still or while moving. Kindergartners rely on balance to carry out a wide variety of independent daily activities like getting dressed, eating, and going to the toilet.

BE UNIQUE & DIFFERENT AND SHINE IN YOUR OWN WAY!

The festival of lights 'Diwali' came alive at BLPS when the whole school wore a festive look by organizing an array of activities. Showcasing their creativity at best, Kindergartners decorated Diyas with their tiny hands and enjoyed the festivities.

TEACHER'S NOTE

As a Kindergarten Instructor, I deal with the most wonderful and cheerful stage of childhood, where I interact with kids of age group 4-7 years. Each and every day I got the opportunity to deal with different psychologies. So, while teaching I always focused on inculcating students with productive education, good manners and joyful learning. I always try to make my classes lively, full of enjoyment and of course full of educational outcome. I also focused to conduct activities which results in them over all development since our curriculum is education as well as activity based. I personally believe in learning by doing which I follow in my day to day teaching too.

PASSION FIRST AND EVERYTHING WILL FALL INTO PLACE!

Kindergartners were actively engaged in Track & Field Athletics. It is a great way to get kids hooked on to the sport is fun runs. The distance might be as short as 50M makes for an excellent starter. These are relaxed track & field games.

PARENT'S NOTE

As a mother I want to say that it is the right place where I can nurture my daughter's education for better tomorrow. The teachers and the entire staff have been really welcoming and accommodating towards my daughter. Earlier I was worried for her education but now I can say that I am really contented with the decision I made to send my daughter to BLPS. I feel elated to see my daughter enjoying at her best as she comes back from school. My heartfelt gratitude to entire fraternity of BLPS for all the guidance and learnings you are imparting to my child. Overall, the entire journey of my daughter is AMAZING and wish the school good luck for all the future endeavours.

SONG OF THE MONTH

Goodbye everybody we had a good day.
Goodbye everybody it's time to say.
Goodbye to my teacher.
Goodbye to my friends.
Goodbye everybody till I see you again!
Wave your hands left.
Wave your hands right.
Turn around once.
And clap your hands twice!
Step to the left.
Step to the right.
Jump to the middle.
And jump out wide!
