CULTURAL CADENCE: TALENT UNLEASHED!

Our Kindergarten Freshers put up a variety of performances for the occasion 'Goodbye April.' Young students find a meaningful way to participate that showcases their talents. Performances are partially devised by the children, enabling the nurturing of true creativity. We tap into the cultural experiences of our children, and performances often integrate drama and music.

HARVESTING JOY: ROOTS AND REVELRY!

Kindergarteners celebrated Baisakhi 2024 by using the day to embrace their ancestry and highlight their culture through vibrant performances and festivities - celebrating the all-important spring harvest.

PRINCIPAL'S MESSAGE

Hello Young Explorers!

Welcome to May, a month filled with sunshine, flowers and endless possibilities! As we continue our exciting journey together, I want to remind you how special each and every one of you are. Your smiles, laughter and curious minds brighten up our days! This month, we have lots of fun activities planned just for you. From arts and crafts to outdoor adventures, there's something for everyone to enjoy. Remember, every activity is a chance to learn, grow and make new friends! Let's also stay focused on our studies. Whether it's learning new words, numbers or exploring the wonders of science, your efforts and enthusiasm make a big difference. Believe in yourselves, ask questions and never be afraid to try new things! Let's participate, learn and have loads of fun!

Let's also take a moment to appreciate the beauty of nature around us and how it inspires our creativity. Don't forget to lend a helping hand to those in need, spreading kindness wherever you go. Lastly, always remember that your potential is limitless and with dedication and perseverance, you can achieve anything you set your mind to!

With lots of love and encouragement!

Kanish Kumar (KG II Blossoms) participated in INTACH's World Heritage Day 2024 contest (Theme: Living Heritage - Attire associated with Cultures). The nationwide contest attracted teams from over 500 schools. Team BLPS showcased traditional ethnic clothing in day-to-day life and festivals, demonstrating respect and acknowledging attire as a traditional value passed down from generation to generation.

Kindergarteners were actively engaged in 'Drawing & Coloring' lessons. Preschoolers were engrossed in imaginative thoughts. Unlike other structured activities, coloring lets our young students make their own choices and gives them the freedom to choose their own colors and create their own patterns. Such freedom encourages our children to think outside the box.

ACTIVITIES OF THE MONTH

YOUNG ECO-WARRIORS: DRAWING A BETTER WORLD!

Preschoolers (Form KG II) observed World Earth Day as concerned and conscientious children, creating beautiful drawings, learning how to draw the Earth as a heart, and understanding environmental conservation and saving the Earth.

FUELING POTENTIAL: EMPOWERING YOUNG ATHLETES!

Kindergarteners (Form KG II) were actively engaged in beginner-level Track & Field Athletics. Running and jumping games designed for our young students are meant to boost their physical fitness levels as well as their self-esteem.

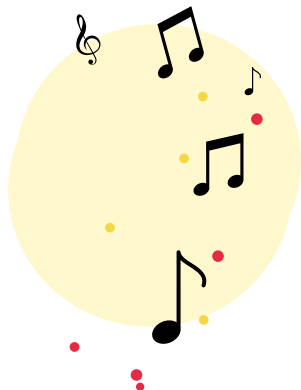

BUILDING RESILIENCE: STRENGTH IN MIND AND BODY!

School promotes the idea that kindergarteners who play outside in all weather will grow up resilient. Our kindergarteners were actively engaged in yoga lessons at the start of the school day, practicing various postures (asanas) - which does wonders for their self-esteem. Perfecting a pose or improving their balance and flexibility gives young children a sense of personal empowerment.

SONG OF THE MONTH

*Welcome, welcome
How do you do?
I am so glad to see you!
Sit down, sit down all in a ring
Hold each others hand too.
Happy, happy, that's how we feel
When we are together.
Happy, Happy
When we are together!*

TOOLBOX WIZARDS: SKILLFUL INNOVATORS!

Preschoolers (Form KG I) were actively engaged in learning and practicing how to use tools. From spanners to pliers, screwdrivers to L keys, children who learn how to fend for themselves in the world of home repairs are a step above their peers in terms of independence and versatility.

EDUCATOR'S ECHO

I want to take a moment to express my sincere gratitude for entrusting me with the privilege of teaching and nurturing children in kindergarten. It's a joy and an honor to be a part of their early educational journey. I am deeply thankful for your support, involvement, and collaboration throughout the school year. Every day, I am inspired by the curiosity, creativity, and resilience of our young learners. Their enthusiasm and eagerness to explore the world around them make teaching truly rewarding. Being your kindergarten teacher brings me immense joy and fulfillment every single day. I am also grateful for your boundless energy, your endless curiosity and your contagious enthusiasm for learning. Your smiles brighten up our classroom and remind me why I love what I do. Thank you, kindergarteners, for your kindness, your patience and your willingness to try new things. You inspire me to be a better teacher and person, and for that, I am truly grateful.

PARENTAL PLAUDITS

School is the first step in making a child familiar with the world outside of their parents' love and comfort. Therefore, choosing a school that can mold the child's future in the right direction becomes the biggest concern for parents. We, as parents, feel greatly satisfied and secure in choosing BLPS as our children's school. The school has been playing a significant role in building the character of the children. It not only focuses on the academic development of our children but also on their physical, mental, and social development. Since they spend most of their time in school, they have been gaining confidence because of the environment that the school provides. Therefore, BLPS is the right choice for our children's lives to blossom in its arms.
