## VOICES FROM THE TOPPERS :

**"Don't accept defeat until you compete!"**

Scoring well in your boards is every student's aspiration, so was mine. And with perseverance and self belief, I managed to score 98.2%. Yes, it seemed pretty tough but then easy things are never fun to do. The constant guidance from Ekta Ma'am and all my teachers gave me the boost to challenge my limits and hence I embraced every obstacle with whatever I had.

My key to success would be understanding, having an interest in what you study and enjoying every bit of your day. I am glad I could make BLPS proud!

**ROYINA ( XII D)**

Keeping self confidence and persistence as my success mantra, I managed to score 97.8% in my 12th boards. Success comes only when you better yourself. I understood every topic deeply before solving any question and this helped me a lot. Continuous practice and complete focus is what you need to get higher results. My teachers' continuous guidance and faith in me made it possible for me to fulfil my goals and to achieve such a good score. School helped me in every possible way and I feel privileged to be a part of BLPS family.

**NAMAN(XII B)**

My school has nurtured me into the person I am today. I am grateful to my teachers and Principal Madam, Ms. Ekta Dhawan, for motivating me throughout my academic journey. I would attribute my accomplishment to my teachers who were just amazing. Apart from the right guidance, they motivated me and helped me a lot.
