PRINCIPAL'S MESSAGE

Ekta Dhawan

Dear Parents,
The wisdom of learning from failure is incontrovertible. The courage to confront our own and others' imperfections is crucial to solve the apparent contradiction of wanting neither to discourage the reporting of problems nor to create an environment in which anything goes. As the results of Half Yearly were made out in this month, so few students must have received what they had dreamt of where as few must have found rejections in their lap. Aspirations or dejections, nothing is inevitable. This common worry should be replaced by a new paradigm - one should recognize the inevitability of failure in today's complex competitive era. Those that catch, correct, and learn from failure before others do, will succeed. Basically, every child is born a Genius.

It is a matter of great pleasure to write a few words about BLPS which has proved as an excellent, outstanding and prominent school among the other district school of Kapurthala. Ten years ago when we came back from Mumbai, we were worried about the choice of the school; we put our child in another school, where we got disappointment. BLPS is a name synonymous to Quality and Success. It is absolutely right to say that BLPS thrives to instil the values along with dedication and sincerity among all its students.
