Father of Jia Kharbanda (X-C)

Many many moons ago heard a fairy tale...there was a village which had very happy kids... This fairy tale can be seen lived in this School, at Bawa-Lalwani Public School. It all started right from the inception of this school, more than a decade back. Elated and proud to see my daughters being groomed and crafted so well to grow up as young and confident ladies with good speaking skills and Sportsmanship. My heartfelt gratitude to the Philanthropist Management and ever progressive Principal Ms. Ekta Dhawan for making my decision as the best decision by choosing this school. My good wishes will always be there as a Supportive Parent.

### ALUMNI MESSAGE :

I am currently pursuing Computer Science Engineering from IIT Ropar (ranked first in India by the TIMES rankings). I made it to this prestigious institute after achieving an All India Rank of 1108 (gen) in JEE Advanced. Having experienced initial phase of my college life, I feel that the values inculcated amongst us as students at school are very important and play a crucial role in the years to come. So, I consider myself really lucky to have been schooled from Bawa - Lalvani Public School where from I have got these values such as perseverance, courtesy and loyalty towards your work. I had been made to understand my duties towards the society through the activities which I have a chance to do now at a larger scale, be it teaching underprivileged through an NGO (we have PEHCHAAN here at IIT Ropar), be it protecting the wildlife (we have sarpa - mitra yojna here) or anything else. Coming onto professional grounds, it was my school that helped me realize my interest and potential in Computer Science and I owe my success in tough competitive exams like JEE and NTSE to my school as this has been possible only because of constant support, guidance and motivation from teachers, friends and Principal Ma'am.
