Students studying in KG-I presented a Special Assembly titled 'GRACE, SPACE & PACE' to a packed audience. It was an occasion when the whole class came together to showcase their dedication to the happening school routine. This event gave our kindergarteners the experience to dip into the colourful heterogeneity.

EKTA DHAWAN
PRINCIPAL

Dear Parents and Guardians
December is here! Cooler temperatures...disappearing daylight. As much as we'd all like to feel that we are organized and well-prepared for the upcoming weeks-the activities,the reinforcements and many more. Special Assembly titled 'GRACE, SPACE & PACE' put up by the tiny toddlers left the spectators already spell bound. Vibrant and pompous 'Variety Show' indulged our kindergarteners in an experience of Cultural Awareness and Diversity. Amazing Performances by the entire strength sang the unsung saga celebrating their dedication to an exciting School routine.

God's blessings to you and your family this Christmas Season!

HEALTHY TIFFIN COMPETITION

The tiny tots of Pre-nursery and Nursery concluded an exciting competition dedicated to the preparation and consumption of a 'Healthy Tiffin'. The objective of the competition was to enable the young students to gain knowledge about season's appropriate eating, exhibiting etiquette while consuming the Tiffin and the nutrients one needs to maintain the good health and energy.

AMNA

Mother of Kiana -Nur(D)

Being a parent, I was always worried about the choice of school but our search ended when we visited BLPS and from that day till now we are satisfied at our choice because this school has trained and competent staff and above all a very enthusiastic Principal and Management. I am grateful for the hard work and dedication of the staff. The classes are organized well. The teacher's imaginative ideas help the children to have better learning. I feel my children have been recognized for their skills implanted by BLPS.

HOOLA HOOPS AND HURDLES

Students studying in KG-II were actively engaged in playing "Fun with Hoola Hoops and Hurdles" - an invigorating game & group activity. Students were assisted by Jaswinder Kaur who played along kindergarteners. Thusly she designed the environment and prepared activity fortuitously to facilitate learning. The youngsters felt fascinated while maintaining balance in addition to concentrating while performing Hops and Skips.

BALANCING THE BALL

The young buds studying in KG-I were actively engaged in exhilarating outdoor activity i.e. 'Balancing the Ball'. Children are happiest when they play the games with an obstacle theme. This activity helps in developing Balance, Coordination and Fine Motor Skills. All these skills are also important to minimize fatigue and expand large amounts of energy and mental acuity to master these abilities in the children.

STEP LADDER ACTIVITY

Little children adapt to skills of alternating feet and weight distribution while on the Step Ladder. Kindergartners of KG-I were actively engaged in playing "The Step Ladder" an interesting group activity. Through these structured and unstructured plays, children construct and master the concepts, knowledge, and skills that create the foundation for subsequent learning.

TEACHER'S MESSAGE

I'm not just a teacher, I do not consider it my job. To me, it's a special calling that I knew I had from a very young age. This profession requires total dedication, devotion and loving commitment. My educational philosophy is to create learning environment that is fun and exciting. My goal is to go far beyond teaching. I want to inspire my children to want to learn more about themselves and the world around them. My role during this formative time of a child's brain development is essential. I have a gift and each day I thank God that I can make a positive difference in the lives of children. I feel proud to proclaim, 'I am a teacher!'

SONG OF THE MONTH

Santa is coming with gifts,
during the night shift.
Wow! What a lovely toy,
in the hands of naughty boy!
Such a pretty pearl,
in the hand of a cute girl!
