## HONOR'S DAY CELEBRATION

HOLIDAYS: 21 FEB.

RAINFALL DATES: 19& 20 FEB. Partly Cloudy

**EKTA DHAWAN**  
PRINCIPAL

Dear Parents,  
Time to conduct reinforcement of Kindergarteners! Soon the young ones will be promoted to upper grades with flying colours. The transition from preschool to primary section marks a very important step in a child's life. During the three years of pre-school education, the students grew and learnt so much that it is simply amazing. We want our students and their parents to know that their time in preschool was precious and that we valued every second of it.  
To prepare our children for the future, we have provided our kindergarteners with the opportunities to develop the generic skills that are needed for them to become life long learners. They are trained to collaborate with others, be ready to listen and be creative in their thinking.

School held its "Appreciation & Honours Day" for Kindergarten. This was a reflection on conduct of the students throughout the year, to celebrate the contribution and progress made by them in Academics & Co-Curricular activities.

## DESCRIBE A PICTURE

**SUKRITI**

Mother of Srisha Behl (Pre-Nursery)

I am extremely pleased to have sent my child to BLPS. She has become very active & expressive after she has started going to school. A special mention for the Variety Show that has boosted my child with lots of confidence. The teaching staff is very good at nurturing the children's academic skills. I particularly want to mention about Ms. Isha Kashyap my child's form tutor who strongly impressed me by her abilities to address concerns. I couldn't think of a better school for my child to be in. I am highly obliged and looking forward for same atmosphere for my child in the next session as well.

Preschoolers studying in Nursery were happily engaged enacting solo performances based on a theme titled 'Describe a Photo'. Preschoolers viewed the photos carefully, took a few moments to think before expressing themselves within the stipulated time.

## REPUBLIC DAY CELEBRATION IN SCHOOL

Kindergarteners were actively engaged in National Flag Drawing Contest in celebration of Republic Day 2020. Few activities come as naturally to young children as drawing. Kindergarteners enjoy the act of creating art.

## OBSTACLES GAME - A WAY TO BUILD CONFIDENCE

The tiny tots of Pre-Nursery were actively engaged attempting obstacles on a specially laid out course. They were geared up to crawl through trenches, under wire fences, jump through a mesh, squeeze through tyres and balance on beams. This activity enhanced confidence of little ones.

## BALANCING A BALL

Preschoolers studying in Nursery were actively engaged in an interesting "Balancing Ball" game. School propagates that balance is a learned skill that requires physical and mental effort.

## TEACHER'S MESSAGE

The relationship between a student and his/her teacher plays a large role in the trajectory of a child's academic success and social development. Establishing a positive relationship with his/her teacher helps a student feel more comfortable and safe in his/her classroom environments. As a result, students are more likely to participate actively in class and challenge themselves academically.

Isha Kashyap,  
KG Instructor

## SONG OF THE MONTH

### "TIME TO GRADUATE"

Watch me as I graduate as I move on in my life is really great!  
Its just what I am waiting for now its time to Graduate!  
Watch me as I graduate as I March around the room is really great!  
Its just I am waiting for now its time to graduate!  
March 2,3,4 and March!  
March 2,3,4 and March!
