# BAWA-LALVANI PUBLIC SCHOOL

CBSE Affiliation No. 1630328

Our Student Support Services works through Form Tutors with all students (Pre Nursery up to Grade 12) where there are children and young people who have particular educational support needs. These needs include

- learning difficulties
- behavioral issues (social/emotional)
- health or wellbeing issues
- Non-attendance issues
- Communication difficulties

Our Form Tutors shall discuss your child's needs with you. We shall provide advice, recommendations and involve our specialists if necessary. We will only involve our specialists with your consent.

## **How the process works:**

Support for your child will generally follow this process:

1. Our Form Tutor (on your advice) shall discuss your child's need with the School leadership Team & Counselor.
2. We will give advice and recommendations where appropriate.
3. School shall apply these recommendations in consultation / consent with you.
4. If the school needs specialist support, they will discuss the concerns with you and ask for your consent before making a suggestion.

We work together with the school staff and you to address your child's needs. This is a time-specific service, with clear goals to guide us. The aim is for all parents to gain the expertise and capacity to support the learning needs of all children while in learn OCL mode.

## **Our services may include:**

- observations
- formal assessments and recommendations
- negotiating learning and engagement
- discussions with staff and family
- assisting staff to develop strategies
- referral to other supports/agencies
