

Established 2001

# **BAWA-LALVANI PUBLIC SCHOOL**

CBSE Affiliation No. 1630328

Our teachers are dedicated towards helping out the students based on one-on-one approach. It is likely for students to come up with several queries. The teachers are also available for other specific timings to resolve the issues faced the students, both academic and non-academic ones. Teachers might conduct an assessment to evaluate strengths and weaknesses. When they get familiar to a student's learning style, they are able to guide him or her easily. The teachers focus on every student to identify gaps in his or her skills and level of knowledge and help them improve. Online teachers usually make it a point to communicate well with the students through webmail, phone calls, real-time online sessions and other available platforms. They mainly focus on working one-on-one with the student in case he or she requests help on a specific topic or subject. They also facilitate students by providing additional resources and giving genuine feedbacks instantly based on their performance.
