

Established 2001

BAWA-LALVANI PUBLIC SCHOOL

CBSE Affiliation No. 1630328

Recently there have been a number of articles regarding security concerns with Zoom, a widely-used video conferencing tool. As you may know, BLPS is currently using Zoom & Jiomeet throughout all classes.

We want you to know that we have important safeguards in place for our Zoom accounts, including the following:

- First, BLPS has an **educational account** with Zoom that includes a host of additional protections for students and school employees. These include automated settings that allow only the host (generally a teacher or Academic Coordinators) to begin the meeting, share screens or other utilities, and / or to record the session. It is important to note that the majority of issues that have been reported with Zoom discrepancies involve Commercial Business Accounts.
- In addition, Zoom recently announced that it will focus on user privacy and security. We will continue to monitor all security updates carefully.

In the meantime, please continue to adhere to our Remote Learning Protocols (appended below) and be on the lookout for updates regarding other aspects of our remote platforms.
