

CLASS IX

Science (Class-IX)

Learning Outcomes	Sources/ Resources	Week-wise Suggestive Activities (to be guided by teachers/parents)
<p>The learner</p> <ul style="list-style-type: none"> relates processes and phenomena with causes and effects, such as, symptoms with diseases and causal agents explains processes and phenomena, such as, spread of diseases and their prevention measures physical quantities using appropriate apparatus, instruments, and devices, such as, temperature using thermometer, etc. applies scientific concepts in daily life and solving problems, such as, takes preventive measures to control disease causing agents, etc. exhibits values of honesty, objectivity, rational thinking, 	<p>NCERT/State Textbook Theme: Why Do We Fall Ill</p> <ul style="list-style-type: none"> Link 1: https://www.who.int/diseasecontrol_emergencies/publications/idhe_2009_london_inf_dis_transmission.pdf Link 2: https://www.youtube.com/watch?v=bB_Pk0Wr1Zg&t=130s Link 3: https://www.youtube.com/watch?v=36WwOX1yFqQ&feature=youtu.be Link 4: https://www.mohfw.gov.in Link 5: https://www.mohfw.gov.in/pdf/PreventivemeasuresEng.pdf Link 6: https://www.mohfw.gov.in/pdf/PreventivemeasuresHin.pdf Link 7: 	<p>WEEK 1</p> <ul style="list-style-type: none"> After reading Link 1, try to answer the following: <ul style="list-style-type: none"> Explain how different modes of transmission cause different diseases. Make a table of the different kinds of diseases, their mode of transmission and their symptoms. What kinds of diseases can be prevented by practicing hand-washing? After the videos in Link 2 and 3 and reading the information in Link 4, 5, 6, 7 and 8, try to answer the following: <ul style="list-style-type: none"> Explain how the virus can be spread. What is the correct procedure to wash hands? Explain the preventive measure for COVID-19. What can you do as an individual to avoid the spread of COVID-19? <p>WEEK 2</p> <ul style="list-style-type: none"> If there is a clinical thermometer in your house, measure your body temperature by keeping it in your armpit and compare it with the room temperature. Find out from authentic sources in the internet what the normal body temperature is. Take precautionary measure not to break the thermometer since it contains mercury. If there is no thermometer in your home, watch some videos on how body temperature or temperature in liquids is measured. Make your own poster about the precautionary measures to be taken in order to avoid the spread of COVID-19 and share

<p>freedom from myths, superstitious beliefs while taking decisions, respect for life, etc., such as, myth about transmission of diseases, belief that vaccination is not important for prevention of diseases, etc.</p> <ul style="list-style-type: none"> communicates the findings and conclusions effectively, such as, those derived from experiments, activities, and projects both in oral and written form using appropriate figures, tables, graphs, and digital forms, etc. 	<p>https://www.mohfw.gov.in/pdf/Poster_Corona_ad_Eng.pdf</p> <ul style="list-style-type: none"> Link 8: https://www.mohfw.gov.in/pdf/Poster_Corona_ad_Hin.pdf Link 9: https://www.indiatoday.in/india/story/coronavirus-cases-in-india-covid19-states-cities-affected-1653852-2020-03-09 	<p>the picture of the poster with your friends, relatives, etc.</p> <ul style="list-style-type: none"> What changes in your lifestyle have you made to avoid contracting various diseases? Make a list on a chart paper/sheet of paper and share a picture of it with your classmates. <p>WEEK 3</p> <ul style="list-style-type: none"> Read your textbook and other resources from the internet to explain some of the myths associated with the spread of diseases such as HIV, Tuberculosis, vaccination, COVID-19, etc. Make your own poster about the myths associated with COVID-19 and share the picture of the poster with your friends, relatives, etc., via email, Whatsapp, Facebook, etc. Collect data from reliable sources from the internet about the trends in the number of people infected by COVID-19 in different states in India (Link 9) or in different countries and the number of people who have recovered or succumbed due to the infection. Present your data in the form of an appropriate graph. <p>WEEK 4</p> <ul style="list-style-type: none"> Recall the modes of transmission of diseases which you have learned. Now explain the modes of transmission of various diseases in the form of a diagram. Make it as elaborate as possible.
--	---	--

Students and Parents/Guardians may also visit NROER, an online educational resource repository of NCERT and NCERT website and explore e-resources available online related to the topic. The following are the links for the activities for easy access.

- Supplementary material on Sanitation and Hygiene:
http://www.ncert.nic.in/publication/Miscellaneous/pdf_files/Sanitation_hygiene.pdf

2. Diseases and its causes:
<https://nroer.gov.in/55ab34ff81fccb4f1d806025/page/5c8f1e7116b51c01ee839478>
3. What is Rotavac?
<https://nroer.gov.in/55ab34ff81fccb4f1d806025/page/5835786616b51c4587b7aaf5>
4. Vector and Disease:
<https://nroer.gov.in/55ab34ff81fccb4f1d806025/page/5d39993d16b51c0167542412>
5. Disease caused by microorganisms:

Mathematics (Class-IX)

Learning Outcomes	Sources/ Resources	Week-wise Suggestive Activities (to be guided by teachers/parents)
<p>The learner</p> <ul style="list-style-type: none"> • applies logical reasoning in classifying real numbers, proving their different properties and using them in different situations. 	<p>NCERT/State Mathematics Textbook</p> <p>Chapter 1: NUMBER SYSTEMS</p>	<p>WEEK 1</p> <ul style="list-style-type: none"> • Discussion through emails/ Whatsapp can be held about rational numbers which may include encouraging students to send contexts in which they have used rational numbers. • The students can frame questions, such as, how many rational numbers are there between say, 2 and 3, etc., and can send it to each other. They can refer the exemplar problem book in mathematics for Class VIII, which is available on the NCERT website. • The teachers can also encourage students to pose problems from these online books and also the e resources for Class VIII available on NROER. <p>WEEK 2</p> <ul style="list-style-type: none"> • The teachers can give some rational numbers to be converted to decimal forms. The difference between the decimal forms of different rational

		<p>numbers should be asked to students.</p> <ul style="list-style-type: none"> • The students may also be encouraged to make different decimal expansions for themselves. The different decimal numbers can then be discussed to evolve the concept of irrational numbers. The textbook for Class IX is also available on the NCERT website and can be used during online discussions. <p>WEEK 3</p> <ul style="list-style-type: none"> • One suggested activity: Teachers may send one context to the students where irrational numbers are used. Students may be encouraged to provide more such contexts. • A discussion about the properties of rational and irrational numbers may be held. • Exercises from the textbook and Exemplar problem book of Class IX (available on the NCERT website) can be done. Teachers can ask students to do activities on the concepts discussed using the Laboratory manual (available on the NCERT website) (Activities 1, 2) for secondary stage. These need to be sent online and their logic explained. • Assessment of students can be done by observing their responses. Appropriate feedback can then be given. <p>WEEK 4</p> <p>The work of Week 3 may be carried further in this week.</p>
--	--	--

English Language (Class- IX & X)

<i>Learning Outcomes</i>	<i>Sources/ Resources</i>	<i>Week-wise Suggestive Activities (to be guided by teachers/parents)</i>
<p>The learner</p> <ul style="list-style-type: none"> listens for information, gist and details and responds accordingly. listens to and discusses literary/non-literary inputs in varied contexts to infer, interpret and appreciate. 	<p>http://ncert.nic.in/textbook/textbook.htm</p> <p>Use QR code reader form mobile.</p>	<p>WEEK 1</p> <p>Competency/Skill- Listening</p> <ul style="list-style-type: none"> The teachers inform the learners about the website and the particular lesson to be learnt. Learners may be given special instructions — what is expected of them. Say, for example, listen to the audio text and then read the same text on your own.
<ul style="list-style-type: none"> reads with comprehension the given text/materials employing strategies like skimming, scanning, predicting, previewing, reviewing, inferring. reads silently with comprehension, interprets layers of meaning. 	<p>http://ncert.nic.in/textbook/textbook.htm</p> <p>Reading</p> <p>Having listened to the story/text/poem, learners read the text on their own. (In case there are other sibling at home, they can do it with their brother/sister or even parents)</p> <p>Learners read the text in chunks (the text may be divided into four or five sections).</p> <p>The NCERT textbooks are divided into sections followed by oral comprehension check.</p>	<p>WEEK 2</p> <p>Competency/Skill-Reading</p> <p>The teachers may ask learners to do the following activities as per the needs of the learner/curriculum:</p> <ul style="list-style-type: none"> Attempt and answer the reading comprehension questions given at the end of text. Create a sub-text by summarising the text. Write or tell the whole story/text in your language to parents or sibling. Make a visual description of the story. <p>While reading activity</p> <p>As they read the text/stories on their own, learners will have to attempt to answer the question given in the middle of the text or learners are using text from state or other textbooks, they should attempt to answer the questions for comprehension given at the end of the text.</p> <p>Post Reading activity</p> <p>Reading comprehension</p> <p>Revisit/reread the text and answer the comprehension question given at the end of the text.</p>

<ul style="list-style-type: none"> • uses words, phrases, idioms and words chunks for meaning making in contexts. • understands and elicits meanings of the words in different contexts, and by using dictionary, thesaurus and digital facilities. 	<p>QR codes of the textbook have some additional activities. These could be used by all learners.</p>	<p>WEEK 3</p> <p>Competency/Skill- Vocabulary</p> <p>Teachers may ask learners to</p> <ul style="list-style-type: none"> ➤ Find the new words and categorise into groups and make a word web or mind map of the words. ➤ Create a dictionary of words you come across in the text. ➤ Find the meaning of words and write them down in their note books. ➤ Try to make sentences using the words. <p>Vocabulary</p> <p>Post Reading activity</p> <p>Vocabulary learning</p> <p>Let learners consult the dictionary online or off line to find the meaning of words/phrases that they find it new in the passage they read.</p>
<ul style="list-style-type: none"> • uses grammar items in context such as reporting verbs, passive and tense, time and tense, etc. 	<p>QR codes of the textbook have some additional activities. These could be used by all learners.</p> <p>Grammar Notices the grammar items in the text from the given exercises under the grammar part of the textbook.</p>	
<ul style="list-style-type: none"> • writes short answers/paragraphs, reports using appropriate vocabulary and grammar on a given theme; • writes letters both formal and informal, invitations, advertisements, notices, slogans, messages and emails. • writes short dialogues 	<p>https://www.youtube.com/user/kanakoduthavanithan</p>	<p>Teacher may give additional questions wherever possible and needed.</p> <p>WEEK 4</p> <p>Writing</p> <p>Based on the reading of the text/story learner may now do the short answer comprehension questions</p> <p>Long answer questions article writing, essay writing, letter writing and so on.</p>

<p>and participates in role plays, skits, street plays (<i>nukkadnatak</i>) for the promotion of social causes like <i>Beti Bachao – Beti Padhao</i>, <i>Swachh Bharat Abhiyaan</i>, conservation and protection of environment, drug abuse, gender issues, child labour and promotion of literacy, etc.</p>		<p>Process Approach to Writing</p> <p>Process approach to writing emphasises the steps a writer goes through when creating a well-written text. The stages include:</p> <p>Brainstorming: writing down many ideas that may come to an individual’s mind or through discussions, pair work, group work</p> <p>Outlining: organising the ideas into a logical sequence</p> <p>Drafting: The writer concentrates on the content of the message (rather than the form).</p> <p>Revisions: in response to the writer’s second thoughts or feedback provided by peers or teacher, the draft is revised.</p> <p>Proof-reading: with an emphasis on form. Correct the language and appropriateness of its use.</p> <p>Final draft: <i>Write the final draft now</i></p>
--	--	---

POINTS TO BE KEPT IN VIEW FOR LANGUAGE TEACHING-LEARNING

- The guideline enables learners to learn languages based on the textbook or any other material available to them. Since this is self-initiated and directed, learners, teachers and parents have to be highly flexible in enabling the learners to use them effectively.
- This can be used for any lesson/unit in language learning based on the textbook or on any other material available to learners in print or as soft copy.
- Not all the activities can be undertaken by all learners. So, let’s be flexible and let learners do on their own depending on the facilities available to them. (For example, some may not have audio enabled gadgets with them, in that case they should read carefully or ask another person to listen to the text at home.)
- All the activities mentioned here are for learners to do as they are not with teachers or any formal teaching-learning situation.

हिन्दी (कक्षा 9)

सीखने के संभावित प्रतिफल	सहायक सामग्री	सुझावात्मक क्रियाकलाप/ गतिविधियाँ
<ul style="list-style-type: none"> कहानी (कहना-सुनना-समझना-पढ़ना-लिखना), जैसे— प्रेमचंद की कहानी (‘दो बैलों की कथा’) अपने परिवेश में होने वाली घटनाओं के प्रति सजग होकर अपनी बात, विचार को मौखिक-लिखित रूप में अभिव्यक्त करते हैं, जैसे— ‘कोरोना वायरस’ से प्रभावित देश-दुनिया का जन-जीवना अपने परिवेश/पर्यावरण में आए सकारात्मक/नकारात्मक बदलावों को कविता, कहानी, निबंध के रूप में अथवा अपने ढंग से कहते/लिखते हैं। (भाषा/अनुभवों का सृजनात्मक प्रयोग।) 	<p>ICT का उपयोग करते हुए पाठ्यपुस्तक में दिए गए क्यूआर कोड (QR Code) की सहायता ले सकते हैं</p> <ul style="list-style-type: none"> टी.वी. पर प्रसारित कार्यक्रम, इंटरनेट, रेडियो आदि NCERT, CIET, E-Pathshala आदि की वेबसाइट पर उपलब्ध सामग्री को देख सकते हैं। www.ncert.nic.in, www.ciet.nic.in, www.swayamprabha.gov.in प्रेमचंद की कहानी— दो बैलों की कथा भाग 1 https://www.youtube.com/watch?v=RFw2K7hAPdA दो बैलों की कथा भाग 2 https://www.youtube.com/watch?v=13Kg_QL7A9I&t=11s नमक का दारोगा https://www.youtube.com/watch?v=uU6cgAxVUGs&t=5s बड़े भाईसाहब https://www.youtube.com/watch?v=3u37W_Q43BQ टी.वी., इंटरनेट, रेडियो आदि पर प्रसारित ‘कोरोना वायरस’ संबंधित कार्यक्रम। 	<p style="text-align: center;">पहला और दूसरा सप्ताह</p> <ul style="list-style-type: none"> कहानी कहने-सुनने के बारे में अभिभावकों, परिवार के सदस्यों से उनके अनुभवों के बारे में बातचीत की जा सकती है। कोई भी कहानी कहते-सुनते, समय कहानी की मौखिक परंपरा और आजकल कहानी कहने-लिखने के ढंग में आए बदलावों पर बातचीत की जाए। परिवार के सदस्यों, साथी-समूह या शिक्षक (जो मोबाइल व अन्य ICT माध्यमों द्वारा) आपस में जुड़े हों, से अपनी-अपनी पसंद की कोई भी कहानी एक-दूसरे को सुना सकते हैं या अपने पास उपलब्ध कहानी को एक-दूसरे से ICT के माध्यम से साझा कर सकते हैं। प्रेमचंद की किसी भी कहानी (जो पाठ्यपुस्तक में शामिल हो सकती है) को ध्यानपूर्वक पढ़ें। कहानी में आए भाषागत प्रयोगों (मुहावरे-लोकोक्तियों) को समझने का प्रयास करें। कहानी के केंद्रीय भाव-विषय पर चिंतन-मनन करें। कहानी की विषय-वस्तु पर अपने परिवार के सदस्यों से चर्चा कर सकते हैं। कहानी के बारे में अपने विचारों को लिखने का प्रयास करें। <p style="text-align: center;">तीसरा एवं चौथा सप्ताह</p> <ul style="list-style-type: none"> घर में उपलब्ध टी.वी., इंटरनेट, रेडियो व अन्य ICT सामग्री की सहायता से ‘कोरोना वायरस’ संबंधी तथ्यात्मक जानकारी का संकलन करें। वैज्ञानिक आधार पर तथ्यों के विश्लेषण को समझें तथा इसे अपनी नोटबुक में लिखें। विस्तृत जानकारी के लिए अपने परिवार के

a. History (Class IX)

Learning Outcomes	Sources/ Resources	Week-wise Suggestive Activities (to be guided by teachers/parents)
<p>The learner</p> <ul style="list-style-type: none"> • explains the meaning of the term 'revolution' and draws distinction between a 'movement' and a 'revolution'. • locates France on a map of Europe. • identifies various factors that led to the outbreak of the revolution • categorises the rigid power structure in 18th century French society • interprets visuals/ images/visuals pertaining to 18th century France. • analyses the role of intellectuals in propagating ideas of liberty and equality. • recognises the significance of the Declaration of Rights of 	<p>NCERT/State Textbook</p> <p>Dictionary of History for Schools (Trilingual) http://www.ncert.nic.in/publication/Miscellaneous/pdf_files/Dic_History.pdf</p> <p>www.dictionar.com www.macmillandictionary.com dictionary.cambridge.org</p> <p>'Rise of Popular Movements' in <i>Politics in India Since Independence</i> (Political Science textbook, Class XII), NCERT http://ncert.nic.in/textbook/textbook.k.htm?leps2=ps-9</p> <p>Chipko Movement https://www.britannica.com/topic/Chipko-movement</p> <p>From Tsar to U.S.S.R.: Russia's Chaotic Year of Revolution https://www.nationalgeographic.com/history/magazine/2017/09-</p>	<p style="text-align: center;">Theme-The French Revolution</p> <p style="text-align: center;">WEEK 1</p> <ul style="list-style-type: none"> • Students may refer a reliable dictionary and find out the meaning of the terms 'Revolution' and 'Movement'. • Parent/Teacher may discuss with students about different kinds of revolutions such as the Green Revolution and White Revolution in India, the Industrial Revolution, the Russian revolution, etc. • Students may be asked to identify some of the revolutions that have brought about economic/intellectual/social changes? • Students may be asked to draw <i>differentiating charts</i> to highlight specific attributes which differentiate 'revolutions' from 'movements' by taking several examples from both categories. • Teacher may ask students to try and identify some movements in India that have been spearheaded by women. • Students may, with family members, identify some popular songs that were sung by people in the local language during a movement/revolution. What do the songs try to convey? <p style="text-align: center;">WEEK 2</p> <ul style="list-style-type: none"> • Teacher asks students to locate France on a political map of the World and on a political map of Europe. They may also use a globe. Note down the following: a) Continent in which France is located b) Neighbouring countries of France c) French city in which the Palace of Versailles located? • Students may be encouraged to collect pictures of some important

<p>Man and Citizen (1789)</p> <ul style="list-style-type: none"> • appreciates the role and participation of women from different sections of society. • constructs a timeline indicating key events of the French Revolution • appreciates the values of liberty, equality and fraternity and their relevance in contemporary times. • assesses the impact and legacy of the revolution. 	<p>10/russian-revolution-history-lenin/</p> <p>Map of Europe https://global.oup.com/uk/orc/politics/eu/bache4e/student/map/</p> <p>World Map https://www.maps-of-world.com/</p> <p>Newspaper items on COVID 19</p> <p>India and the Contemporary World-I (pg 1-24) http://ncert.nic.in/textbook/textbook.htm?iess3=1-5</p> <p>QR Code material on French Revolution in <i>India and the Contemporary World-I</i> (pg 1-24) http://ncert.nic.in/textbook/textbook.htm?iess3=1-5</p> <p>The French Revolution https://www.historywiz.com/frenchrevolution.htm</p> <p>The Storming of the Bastille July 14, 1789 (2 & 3) by Olfux https://www.youtube.com/watch?v=-zPTFGLHavQ</p> <p>India and the Contemporary World-I (pg 1-24)</p>	<p>buildings/monuments which are famous in France and collect some information about them.</p> <ul style="list-style-type: none"> • Is France affected by the outbreak of COVID 19? Read some news items to find out the measures taken by France to combat the pandemic. <p>WEEK 3</p> <ul style="list-style-type: none"> • Students may be asked to read about French society during the late 18th century. • Teachers can then lead the students into an interactive discussion on: <ol style="list-style-type: none"> a) Was there inequality in French society? b) How did this inequality affect people in different spheres of life (social, economic, political)? c) Was there inequality on the basis of class, gender, vocation, etc.? d) Rigid division of French society into the three Estates. e) The role of the monarchy in French society. • Students may be asked to reflect on the inequalities that are faced by people today. In which spheres do these inequalities exist? Each student maybe asked to prepare a write-up. • The teacher can guide students to create a Power Pyramid representing French society. The pyramid can be divided into three sections, each section representing one Estate and enumerating the members and their functions. • The teacher may collect some political cartoons that depict the members of the Three Estates. Students may observe the visuals and interpret them accordingly. For instance, observe the costumes worn by each of the figures and identify which of them represent the clergy, the nobility and the third estate. • The teachers can ask students to prepare a table with four columns Social, Political, Economic and Intellectual. Students may then place information on various factors
---	---	---

	<p>http://ncert.nic.in/textbook/textbook.htm?iess3=1-5</p> <p>La Marseillaise, French National Anthem (Fr/En)- Uploaded on 1 Sep 2007 https://www.youtube.com/watch?v=4K1qNtcr5g</p> <p>Transacting French Revolution in ITPD Package for Social Sciences http://www.ncert.nic.in/departments/nie/dess/publication/print_material/print_material.html</p>	<p>that led to the outbreak of the revolution in the relevant column This will help the teacher to gauge the students understanding of various factors and how to categorise information.</p> <p>WEEK 4</p> <ul style="list-style-type: none"> • The teacher may ask students to read the Declaration of Rights of Man and Citizen (1789) carefully and initiate a discussion on the significance of the Declaration in contemporary times. • The students may be asked to give their observations on the draft Constitution of 1791 whose guiding principles were enshrined in the Declaration of Rights of Man and Citizen: <ol style="list-style-type: none"> a) Which groups of the French society had gained from the Constitution of 1791. b) Which groups of the French society were dissatisfied? c) Did the constitution adhere to the spirit of the Declaration of Rights of Man and Citizen? d) Why were women considered to be passive citizens? • The teacher may divide students into two groups: One group may prepare a pictorial chart on the significant role of women from different sections of society in the French revolution. The other group may prepare short biographies (any 3) on key figures of the revolution. • Students may be encouraged to listen to the audio of the French national anthem along with the subtitles provided on the screen. They may describe the main essence of the song. • Create a timeline of major political events, categorising the events into one of the four stages: <ol style="list-style-type: none"> ➤ First Stage: (1789-1791) ➤ Second Stage: (1791-1792): Constitutional Monarchy ➤ Third Stage: (1792-1794): Reign of Terror ➤ Fourth Stage: (1794-1799): Directory

Discuss these ideas with elders at home and prepare a write up.
---	--	---

CLASS X

Science (Class-X)

Learning Outcomes	Sources/ Resources	Suggested Activities (to be guided by teachers/parents)
<p>The learner</p> <ul style="list-style-type: none"> classifies chemical reactions on the basis of their properties. plans and conducts simple activities/ experiments to verify the reactions and seek answer to his/her own queries explains various types of reactions and their conditions draws labelled diagrams for set up of activities/ experiments calculates using the data given, such as, number of atoms in reactants and products to balance a chemical equation uses scientific conventions to represent symbols, formulae, and equations for balanced chemical equations and also physical states of substances identifies the apparatus and handles the materials carefully applies scientific concepts in daily life 	<p>NCERT/State Textbook</p> <p>Chapter 1- Chemical Reactions and Equations</p> <p>Content discussed in the textbook</p> <ul style="list-style-type: none"> Writing a chemical equation Balancing a chemical equation Types of chemical reactions Corrosion Rancidity <ul style="list-style-type: none"> E-Resources developed by NCERT, which are available on NROER and also attached as QR Code in textbook of NCERT. Live telecast of various science concepts at Swayam Prabha Channel https://www.youtube.com/channel/UCT0s92hGjqLX6p7qY9BBrSA ITPD package developed for teachers teaching Science at Secondary Stage http://www.ncert 	<p>Theme – Material</p> <p>WEEK 1</p> <ul style="list-style-type: none"> Open the given link https://www.youtube.com/watch?v=AiYmM1OTJI&feature=youtu.be <p>Watch the video carefully, you can see many reactions taking place in the video. Pause the video after each reaction and translate each reaction into chemical equation and then balance it.</p> <ul style="list-style-type: none"> Open the given link https://nroer.gov.in/55ab34ff81fccb4f1d806025/page/5b1e12bf16b51c01dc2f95c3 <p>This is an interactive image based on experimental setup. Write the balanced chemical equation for the same.</p> <ul style="list-style-type: none"> Have fun with your friends. Develop a crossword puzzle based on chemical reactions. Share with your friends on Whatsapp group. Give at least half an hour to complete and then discuss with them the key along with reasons. Identify and note at least ten chemical reactions taking place in your home/ kitchen and give reasons for the same. You can discuss about them with your parents or friends on Google group/ WhatsApp group, etc. After doing couple of activities, do some work out at home. For example, stretching exercises, skipping, dance, yoga, indoor games, etc. Parents must motivate their children. This you should follow even after your school

<p>such as concept of oxidation reactions which make food rancid, corrosion of objects, etc.</p> <ul style="list-style-type: none"> • draws conclusion for various reactions taking place in home/kitchen • exhibits creativity in designing the game. • exhibits values of honesty, objectivity, rational thinking by reporting and recording experimental data accurately. • communicates the findings and conclusions of the activities/ experiments/orally and in written form effectively • makes efforts to conserve environment by making judicious use of materials and keeping the surroundings/ home clean. 	<p>.nic.in/departments/nie/dse/activities/advisory_board/PDF/teaching_sc.pdf</p> <ul style="list-style-type: none"> ➤ Laboratory Manual in Science for Class X http://ncert.nic.in/ncerts/1/jelm102.pdf ➤ Exemplar Problems in Science for Class X • Chemical Reactions and Equations http://ncert.nic.in/ncerts/1/jeep101.pdf 	<p>reopens.</p> <h2>WEEK 2</h2> <ul style="list-style-type: none"> • Develop a game using cards (cards you can make from thick sheets of paper). Write symbols of elements, formulae, valencies and names of various reactions on different cards. These cards can be used for learning balancing of chemical equations and also in classifying chemical reactions. • You can make video of this game and share with your friends. You can also play the game with your classmates once your school reopens. • Take grape juice, lemon juice, orange juice, soap solution, baking soda solution separately in different containers. You may also take solutions available at your home. Dip one shining iron nail. • in each of these solutions and keep one nail for comparison. • Record your observations for a week or so on the basis of following: <ul style="list-style-type: none"> ➤ Change in physical appearance of the nails ➤ Change in the appearance of the solutions ➤ Identify the changes as physical or chemical with reasons. ➤ You can also draw diagram of this experimental setup. <p>(Remember that we are not moving out of the home due to COVID19. So, try to do the activities with whatever material is available at home).</p> <p>Read the chapter carefully from your textbook. Also, open the link and watch the video carefully https://www.youtube.com/watch?v=AiYmM1OTJI&feature=youtu.be Draw a Table/Flow chart writing various chemical reactions with their examples.</p>
--	---	---

		<ul style="list-style-type: none"> • Open the given link and try to solve the questions in your note book. http://ncert.nic.in/ncerts/l/jeep101.pdf <p>You can check your answers with the given key. If you have any doubts, discuss with your friends and teacher on the group created by your teacher.</p>
<ul style="list-style-type: none"> • differentiates acidic, basic, and neutral substances using different indicators • plans and conducts simple activities/ experiments to verify acidic, basic and neutral solutions and seek answer to the queries on his/her own • relates processes with causes and effects such as tooth decay with pH of saliva, growth of plants with pH of the soil, survival of aquatic life with pH of water, • explains about various types of acids, bases and salts and their reactions • draws labelled diagrams for set up of activities/ experiments. • analyses and interprets data such as pH of solutions to predict the nature of substances. • uses scientific 	<p>Chapter 2 - Acids, Bases and Salts Content discussed in the textbook</p> <ul style="list-style-type: none"> • How do acids and bases react with metals? • How do metal carbonates and metal hydrogencarbonates react with acids? • How do acids and bases react with each other? • Reaction of metal oxides with acids • What do have all acids and bases in common? • How strong are acid and base solutions? • Importance of pH in everyday life • More about salts <ul style="list-style-type: none"> ➤ E-Resources developed by NCERT, which are available on NROER and also attached as QR Code in textbooks of NCERT. ➤ Live telecast of various science 	<p>WEEK 3</p> <ul style="list-style-type: none"> • Are toothpastes acidic or basic in nature? Find out from the internet the pH of different tooth pastes available in the market. Compile it in the form of report. Share your findings with your friends on Whatsapp group or through email. • Take materials of various brands such as shampoo, soap, hand wash, etc., and find out their pH by surfing internet and compile the data in the form of report. Share your findings with your friends on Whatsapp group or through email. • Take various substances, such as, amla juice, lemon juice, tamarind solution, tomato juice, baking soda, soap solution, common salt solution, sugar solution, water from tap, etc., and classify their nature as acidic, basic and neutral using black grapes/red cabbage/beetroot/turmic as indicators. You can also use extracts of flowers such as China rose/ Periwinkle/Rose etc as indicators. • You can also draw labelled diagrams of the set up of the experiment, diagram of flowers, fruits and vegetables which you have used as indicators. <p><i>(Remember as advised, we are not moving out of home due to COVID19. So, whatever material is available at home, try to do the activities accordingly).</i></p>

<p>conventions to represent symbols, formulae, and equations for balanced chemical equation and also physical states of substances</p> <ul style="list-style-type: none"> identifies the apparatus and handles materials properly. applies scientific concepts in daily life such as concept of decomposition reaction of baking soda to make spongy cakes, importance of pH in animals and plants, pH is the cause of tooth decay, etc. draws conclusion for various reactions such as acids react with metals to form salt and hydrogen gas, metal oxide reacts with acid to form salt and water, acid and base react to form salt and water, etc. exhibits creativity in designing model of soda acid fire extinguisher using eco-friendly resources exhibits values of honesty, objectivity, rational thinking by reporting and recording experimental data accurately 	<p>concepts at <i>Swayam Prabha</i> Channel</p> <p>https://www.youtube.com/channel/UCT0s92hGjqLX6p7qY9BBrSA</p> <ul style="list-style-type: none"> ITPD package developed for teachers teaching at Secondary Stage <p>http://www.ncert.nic.in/departments/nie/dse/activities/advisory_board/PDF/teaching_sc.pdf</p> <ul style="list-style-type: none"> Laboratory Manual in Science for Class X <p>http://ncert.nic.in/ncerts/l/jelm102.pdf</p> <ul style="list-style-type: none"> Chemical Reactions and Equations <p>http://ncert.nic.in/ncerts/l/jeep101.pdf</p> <ul style="list-style-type: none"> Exemplar Problems Acids, Bases and Salts <p>http://ncert.nic.in/ncerts/l/jeep102.pdf</p>	<ul style="list-style-type: none"> Open the given link http://nroer.gov.in/55ab34ff81fccb4f1d806025/page/58870b46472d4a1fef810919 Watch the video carefully and note down the reactions showing in this video. Close the video and write down the balanced chemical equation for each reaction. Find out from the internet and textbook – How pH of saliva affects tooth decay, effect of pH on growth of plants and effect of pH on aquatic animals. Compile it in the form of a report. <p>WEEK 4</p> <ul style="list-style-type: none"> Make an innovative collage of various substances such as fruits, vegetables, flowers and other substances and identify them as acidic, basic and neutral using natural and man-made indicators. You can make a collage by cutting pictures or you can also draw the pictures. You may colour and decorate them. You may click photographs of this collage and share with your friends on the group created by your teacher. You can showcase this collage in class once you are back to school. Bake a cake in the presence of an elder. Write down the recipe and try to verify the scientific concept about the formation of spongy cake. Write down the reaction involved to make the cake spongy and fluffy. Plaster of Paris is used for making toys and decoration items. Find out from internet — why calcium sulphate hemihydrate is called Plaster of Paris? Discuss with your friends on the group created by your teacher. Try to design and develop eco-friendly Soda Acid Fire Extinguisher
---	--	---

<ul style="list-style-type: none">• communicates the findings and conclusions of the activities/experiments/projects or any task orally and in written form effectively using appropriate figures, tables and digital forms, etc.• makes efforts to conserve environment by doing activities/experiments by making use of materials judiciously and keeping surroundings/home clean.		<p>with the material available at home. Click a photograph or make a video and share with your friends at Whatsapp group. You can also display this model when you are back to school.</p> <ul style="list-style-type: none">• Open this link and try to solve the questions in your note book. http://ncert.nic.in/ncerts/1/jeep102.pdf• You can check your answers with the given key.• If you have any doubts, discuss with your friends and teacher on the group created by your teacher.

Mathematics (Class-X)

<i>Learning Outcome</i>	<i>Sources/ Resources</i>	<i>Week wise activities (to be guided by parents)</i>
<p>The learner</p> <p>generalises properties of numbers and relations among them studied earlier to evolve results, such as, Euclid’s division algorithm, Fundamental Theorem of Arithmetic and applies them to solve problems related to real life contexts.</p>	<p>NCERT/State Textbook Mathematics Chapter 1: Rational Numbers</p>	<p>WEEK 1</p> <ul style="list-style-type: none"> • The teacher may engage students by sending them different decimal numbers and asking them to distinguish between rational and irrational numbers. Students have to justify their answer. Whatsapp groups or emails can be used for this interaction. • The teacher may send contexts in which HCF and LCM are used. She may ask students to send some more such contexts. <p>WEEK 2</p> <ul style="list-style-type: none"> • The statements of the definitions and theorems in the chapter need to be discussed. • The proofs of the theorems should be discussed. Students should try to send their views and analyses. <p>WEEK 3</p> <ul style="list-style-type: none"> • Using the already learnt methods of representing real numbers on the number line students may be encouraged to locate numbers like \sqrt{x}, where x is a decimal number, on the number line and justify the method mathematically. • Students may be sent different groups of numbers such as $2, 2^{1/2}, 2^{3/2}, 2^{5/2}$, etc., and asked to arrange them in ascending or descending order. They should be encouraged to justify it. <p>WEEK 4</p> <ul style="list-style-type: none"> • Exercises from Chapter 1 of the textbook, problems from exemplar problem book for Class X and activities from Laboratory manual (Activity 1) for secondary stage may be discussed. All this material is available on the NCERT website. E-resources related to this topic can be seen on NROER. • Assessment of students can be done by observing their responses. Appropriate feedback can then be given.

Social Sciences (Class-X)

a. History Class-X

Learning Outcomes	Sources/Resources	Week-wise Suggestive Activities (to be guided by Parents with the help of teachers)
<p>The learner</p> <ul style="list-style-type: none"> • explains the concept of nationalism and the inherent features of a nation • recognises the role of French revolution in spreading ideas of liberty and equality in Europe. • analyse how the idea of nationalism and its various forms emerged in Europe. • describes the role of revolutionaries in the creation of nation states. • recognises the role of language in developing nationalist sentiments • explains how female allegories came to represent the nation. • observes map of Europe after 1815 and draws comparisons after creation of nation states. 	<p>India and the Contemporary World http://ncert.nic.in/textbook/textbook.htm?iess3=2-5)</p> <p>Political Map of the World</p> <p>e-Resource <i>India and the Contemporary World II</i> http://ncert.nic.in/textbook/textbook.htm?iess3=2-5</p> <p><i>The French Revolution' in India and the Contemporary World I</i> http://ncert.nic.in/textbook/textbook.htm?iess3=2-5</p> <p>e-Resources <i>India and the Contemporary World II</i> http://ncert.nic.in/textbook/textbook.htm?iess3=2-5</p> <p><i>Giuseppe Mazzini</i> https://www.britannica.com/biography/Giuseppe-Mazzini/Triumvir-of-republican-Rome</p>	<p>Theme: The Rise of Nationalism in Europe</p> <p>WEEK 1</p> <ul style="list-style-type: none"> • The students may be advised to interpret a primary source: 'What is a Nation' by Ernst Renan. (p. 4) • The students may identify the inherent features of a nation in the source. • A discussion may be initiated on the features that are common amongst nations in the present day. • The students may be asked to identify and list out names of such nations in contemporary times and locate them on a world map. <p>WEEK 2</p> <ul style="list-style-type: none"> • The teacher may ask students to prepare a chart listing those measures taken by French revolutionaries to create a sense of collective identity. The chart may also contain visuals/images. • The teacher may prepare a set of ten quiz items on the role of the French revolution in spreading the idea of the nation in Europe. Students may be encouraged to participate in the quiz. • The teacher may encourage students to draw comparison between a nation – state and monarchy along with examples. <p>WEEK 3</p> <ul style="list-style-type: none"> • The teacher may prepare a glossary of

	<p>e-Resources</p> <p><i>India and the Contemporary World II</i> http://ncert.nic.in/textbook/textbook.htm?iess3=2-5-----</p> <p><i>Material</i> <i>India and the Contemporary World II</i> http://ncert.nic.in/textbook/textbook.htm?iess3=2-5-----</p>	<p>terms from the textbook such as Plebiscite, Conservatism, Suffrage, Nationalism, Nation-State, Allegory, etc., and share with students.</p> <ul style="list-style-type: none"> • The teacher may then prepare a 'Match the Following' chart asking students to match the term along with its appropriate meaning. • Students may be asked to observe the map of Europe after the Congress of Vienna, 1815 (p. 6) and a map of modern-day Europe. They may write the changes they observe and discuss. • The teacher may initiate a discussion on the role of language and folklore in developing nationalist sentiments in Europe. <p>WEEK 4</p> <ul style="list-style-type: none"> • The students may be asked to: <ul style="list-style-type: none"> ❖ make a comparative chart on the development of Germany and Italy as nation states. Students may be divided into two groups- one group may work on Germany and the other on Italy. After completion a discussion may be initiated. ❖ gather information and analyse the role of the Italian revolutionaries Giuseppe Mazzini and Giuseppe Garibaldi and their vision ❖ observe the female figures who represented nations. They may be asked to identify their attributes and symbols- Germania, Marianne, etc. ❖ prepare a list of symbols pertaining to nationalism and explain their attributes and significance.

b. Political Science - Class-X

Learning Outcomes	Sources/ Resources	Week-wise Suggestive Activities (to be guided by Parents with the help of teachers)
<p>The learner</p> <ul style="list-style-type: none"> ➤ explains sharing of power among the Legislature, the Executive and the Judiciary. ➤ demonstrates their skill by preparing illustrations on sharing of power. ➤ explains—the concept of democracy. 	<p>NCERT/State Textbook-Chapter-1-Power Sharing Web Resources</p> <p>e-Pathshala Print materials like Newspaper, Magazines, etc. Important quotes of personalities Kindle book e-materials</p>	<p>WEEK 1</p> <ul style="list-style-type: none"> • Students may be asked to prepare a short note on the Power sharing and share it with their peers. Through e-mail WhatsApp. • Discuss with your parents on the functioning of Democracy • Design a mock parliament and make a note of the issues to be discussed during the different sessions of the Parliament. Share with your friends on mobile phone, email, WhatsApp. • Prepare a Flow Chart on different Organs of the Government.
<ul style="list-style-type: none"> ➤ identifies Federal Political Systems of the World ➤ compares and Contrasts between Federal and Unitary Form of Government. 	<p>Chapter-2 Federalism</p> <p>QR Code e-pathshala</p>	<p>WEEK 2</p> <ul style="list-style-type: none"> • Locat places on the world map on countries having federal political system. • Prepar write-up on unique features of Federalism and Unitary System of Government. • Discuss with parents on what makes India a federal Country. • You may prepare a Chart giving items mentioned in the Union, State and in the Concurrent Lists.
<ul style="list-style-type: none"> • explains the manner in which democracy in India responds to social differences, divisions and inequalities • identifies the outcomes of social divisions • demonstrates an understanding of richness of our diversity. 	<p>Chapter -3 Democracy and Diversity</p> <p>e-materials</p> <p>QR Codes e-book</p> <p>National Portal Kindle eBook Print materials, old Newspapers, Magazines, etc.</p>	<p>WEEK 3</p> <ul style="list-style-type: none"> • Prepare a table on different languages in our Country and share with peers • Discuss with parents on Democracy and Diversity in India • Prepare a write-up on Democracy and diversity in India and share with peers through mobile phone, e-mail, etc.

<ul style="list-style-type: none"> • explain three kinds of social difference based on gender, religion and caste. • understand that gender is a social construct. It is a dynamic concept and varies from society to society. • explain terms like gender bias and gender stereotypes. 	<p>NCERT/State developed Textbook</p> <p>Theme: Democratic Politics –II, Textbook in Political Science for Class-X, Chapter-4 Gender, Religion and Caste</p> <p>e-content QR- Code E-pathshala TV/Radio/YouTube</p> <p>Newspaper and Magazines</p>	<p>WEEK 4</p> <ul style="list-style-type: none"> • Prepare Charts on the following: <ul style="list-style-type: none"> ❖ Work done by men and women in the family in the whole day, paid/unpaid. ❖ Political representation of women in the Panchayats, Municipalities and the Parliament. • Prepare Glossary of terms • Share a write-up on social differences in contemporary India and share with your friends through e-mail.
--	---	--

c. Economics (Class-X)

Understanding Economic Development

Learning Outcomes	Sources/ Resources	Week-wise Suggestive Activities (to be guided by Parents with the help of teachers)
<p>The learner learns about various problems faced by the people around the world and understand the necessity of the combined effort for solving it (The learner's engagement in the Project will help them to recognise and examine the economic impacts of disasters).</p>	<p>Understanding Economic Development</p> <p>All chapters</p>	<p>WEEK 1-2</p> <p>Project–Socio-Economic Impact of the Pandemic COVID19</p> <p>Develop project on the socio-economic issues that can arise due to the pandemic COVID19 locally and globally.</p> <p>Hints</p> <p>Disasters have adverse consequences on the economic growth and development of the country. It effects different individuals, societies and countries in different manners. Hunger and poverty will also be on the rise, which effects mostly the vulnerable groups. The negative impacts are not inevitable, but these can be reduced by the way of creative solutions. This pandemic which has affected the whole world has its impacts on the</p>

economy of the country in various sectors, including health, transportation, agriculture, industry, banking tourism, etc. The inter connectedness of the modern economies, mainly due to globalisation, will have an impact on trade, both domestic and international. This can affect the production of various commodities. The rapid urbanisation, globalisation of the whole world has resulted in making an epidemic outbreak in one country turn into a global pandemic. The outbreaks are not simply a local phenomenon and therefore measures to counter the threat and reduce its impact need to be taken at a local as well as global level.

Ponder over the following and prepare the project.

- How will the disaster effect the economic growth and development of various countries?
- What are the factors that have led to the spread of this pandemic which is said to have originated in Wuhan, China to all over the world?
- Who are the most vulnerable sections of the society during disasters?
- What are the factors determining vulnerability?
- Which are the sectors that will be affected more by the disaster? Classify it into primary, secondary and tertiary sectors.
- How will it affect people who have taken loans especially from the non-formal sources of credit?
- What steps has the government undertaken in response to the disaster?
- What are the creative solutions that can be taken up to reduce the impact?
- When disaster strikes, what can we do?

(This project will help in preparing the students for the next academic session as it covers all the chapters in the Class X Economics textbook. As the student reads through the hints provided and tries to find answer to the questions or ponder over them, they will learn about the content in the chapters: development, sectors of the economy, money and

		<p><i>credit and globalisation. This learning will help the teacher while transacting these chapters later in the classroom.)</i></p> <p>WEEK 3</p> <p>Poster Making: Prepare posters on the measures that can be taken to avoid the disaster of the pandemic- COVID 19</p> <p>WEEK 4</p> <p>Prepare posters demonstrating the economic impact of the disaster on the vulnerable groups. Or Prepare posters/painting of the changes that they see in the environment after the lockdown</p>

ARTS EDUCATION

Arts education is one of the curricular areas at secondary stage of school education and its objective is to provide joyful experience to the learner, to refine his/her aesthetic sensibilities, to expose him/her to the cultural ethos and diversity of the country through different art forms and other cultural components leading to an awareness and appreciation of the national heritage and culture. It also helps in developing a perspective of artistic and creative expression while exploring, experimenting and expressing through varied art forms under visual and performing categories. Art experiences gained at this stage help the learner to understand values for social and cultural harmony, leading to global peace.

Arts Education is one of the important curricular area of school education, without which, overall development of children is incomplete. Arts Education not only takes care of the overall development of the child but also strengthens their learning to achieve the Learning Outcomes in all other subjects, be it Social Sciences, Languages, Sciences or Mathematics.

In other words, education in general and Arts Education in particular is a way for the learner to grow and become sensitive to the beauty in nature, social values and the aesthetic aspects of life as a whole.

The main objectives of Arts Education are:

- artistic thinking and development of abilities to appreciate beauty in nature and man-made objects around him/her.
- knowledge and skill of handling art materials, tools and techniques related to his/her stage.
- ability to communicate freely through selected art form/s.
- respect for cultural diversity and pluralistic perspective.
- skill of working together in teams, while being sensitive and appreciative towards artistic expression of others, especially of students with special needs.
- skill of perspective, proportion, size, depth, light and shade, tactile feeling, season, time, mood, etc., and its appropriate use in visual art compositions.
- knowledge and skill to differentiate between regional, traditional and classical art forms.
- values related to other core components in education like India's common cultural heritage, history of freedom movement, national

identity, constitutional obligations, current social issues, protection of environment, life-skills, etc.

Guidelines—Visual Arts

- Students of Secondary Classes (IX-X) may engage daily in practicing art works for about 40-45 minutes along with other school subjects while staying at home during the lockdown period.
- In Visual arts, **two dimensional (2D) and three dimensional (3D)** drawing, painting, crafts, collage, installations, etc., will be included.
- Arts Education activities are exercises of **experiential learning, by doing with hands** and at the same time, using observation, imagination, creativity, etc., which will be quite satisfying for students and will engage them meaningfully.
- Parents should ensure that children are engaged in activities of **doing and making art**. This will not only enhance their artistic skills but also prepare them to face challenges of critical and analytical thinking, creativity, innovation and better communication skills in future to perform better in all academic areas as well.
- Also, art activities will help them to **cope up emotionally with the unusual situation** they are facing presently at such an early age and all their outdoor activities and socialisation has been cordoned.
- The activities given here will not require many materials, and whatever required will be found at home. Parents will ensure that students do not go out of the house to get any new materials or conduct the activities inside with whatever materials are available within the house.
- If there is more than one child of the same age group in another class they all can work together. This will help the in inculcating values of co-operation, group work, socio-personal skills, etc., by working together. Parents can also join but give the lead to children as facilitators by guiding and not doing actual work in place of children.
- Students will prepare a portfolio of all the work for assessment by the teacher when schools reopen. The three-dimensional works/projects will also be kept safely and taken for assessment.

- All the activities are suggestive and students are free to modify them as per the facilities and resources available.
- Art activities may be completed in one day or it may take few days, depending upon the type of activity.
- Since there are no textbooks for Arts Education for Classes IX-X, all activities are theme based and based on following themes, as given in the syllabus of NCERT (http://www.ncert.nic.in/rightside/links/pdf/syllabus/Art_Education_final_syllabus.pdf)
 - Experience based
 - Tradition based
 - Object based
 - Environment based
 - People based
- All the activities evolve around these basic themes and for this, students will find all their subjects within their four walls of home.
- Also, students may pick up activities on priority as per their choice. They can pick up any activity to start with and may not follow the sequence. However, they will be completing all the activities within the given time.
- Art is a process which children should enjoy and learn, they are not born artists. At this stage the emphasis has to be on art processes and not a perfect product, this has to be taken care of.
- The Learning Outcomes mentioned are general and not specific to any one activity. These are the outcomes of the processes.
- Parents should support children and encourage them rather than criticising their efforts and discouraging them.
- Art processes will be tools for their creative satisfaction and motivate them in this condition.

Guidelines – Music

- Music is an integral part of life in many homes. We hear members of a family chanting mantras, worshipping different faiths, listening to film music, regional music, classical music, folk music, western music. Let the children learn from the above sources.

- Every child is presently at home and television is an important electronic box kept in all our homes. Some children may also have access to internet and most of them will have mobile phones. These are the simple resources which can be utilised by the children and their parents at present.
- Singing /playing classical music enables us to appreciate the basics of Indian music. Let the child comprehend it.
- This is an effort to help the child understand tenets of cultural diversity. The cultural ethos of the country is unity inspite of diversity at all junctures. The tune, rhythm, dialect, etc., are all varied, yet binding the vast country to the same human feelings. Let the child explore.

Visual Arts (Class-IX)

<i>Learning Outcomes</i>	<i>Resources/materials</i>	<i>Suggested Activities</i>
<p>The learner</p> <ul style="list-style-type: none"> • improves sketching and drawing skills • identifies 2-D and 3 D art forms • explains the elements of Visual Arts (line, shape, form, texture, color, composition and perspective). • appreciates beauty in nature and in man-made objects. • explores and experiments with different methods, tools and material of art and design will have a better understanding of India's tangible heritage 	<ul style="list-style-type: none"> ➤ Pencil B, 2B, 4B ➤ Sheets (even one side used sheets, old copies/exercise books, etc., will also do) ➤ Bind the loose sheets together into a sketch book. <p>http://www.ncert.nic.in/rightside/links/pdf/syllabus/Art_Educationfinal_syllabus.pdf</p> <p>https://nroer.gov.in/home/e-library/</p> <p>http://ccrtindia.gov.in/visualarts.php</p> <p>http://www.nationalmuseumindia.gov.in/collections.asp</p>	<p>Activity 1</p> <ul style="list-style-type: none"> • Observe man made and natural things such as vegetables, fruits, utensils and pots, trees, flowers, leaves, human figures, pet and animals around, clothes, furniture etc. and sketch; observe and differentiate between light and shade, soft and hard surfaces, dull and bright colours, curves and contours, and shapes. Observe and understand elements of art and design (line, shape, form, texture, rhythm, color, composition and perspective) • Work on details of each element of the above with pencil and start drawing. • Make 10 quick sketches daily of the things and objects mentioned above. Sketches have to be quick, free hand without using any tools like eraser, ruler or compass. <p>Activity 2</p>

		<ul style="list-style-type: none">• Select themes from the above subjects and make different compositions using a group of 3-4 objects arranged for still life with grouping of objects (can be one fruit, a bottle an angular object such as; brick or book, etc.), draw them and paint. One composition to be completed in a week and to be continued during the period of Lockdown.• Also, themes may be selected on a festival, playground, environment, village, fair, etc., using memory and compositions can be made. <p>Activity 3</p> <ul style="list-style-type: none">• Make colour wheel, using primary, secondary and tertiary colours. <p>Activity 4</p> <ul style="list-style-type: none">• After studying the different objects, make 2 to 3 three dimensional objects, with paper, clay, paper mache, cloth or any other material easily available. These can be a utility object, a mobile or a sculpture or a bookmark or dustbin or any other objects they may design. <p>Activity 5</p> <ul style="list-style-type: none">• Students can go through the websites of NCERT, NROER and CCRT, different Museums and collections to look at the pictures of early architectural monuments of India from the time of Indus Valley to temple architecture (600 BCE – 1000 CE) in all parts of India, note down its salient features and the similarities and differences between different styles.

Music- Class IX

Learning Outcomes	Sources/ Resources	Suggestive Activities
<p>The learner</p> <ul style="list-style-type: none"> • sings and plays the basic notes of Indian music • distinguishes – the varied types of sounds, both musical and non- musical • reproduces the sound through vocals or musical instruments by imitating • identifies different types of voices of musicians • identifies sounds of varied types of musical instruments • observes the costumes, dialogues and pays heed to background music • identifies and analyse how music complements every scene in different audio/video 	<ul style="list-style-type: none"> • Arts Education Curriculum based on NCF 2005 • NCERT, CIET Resources • Other resources on Youtube/ internet • Television (TV) • Serials being telecast on DD or any other TV channel • Mobile phone to watch varied clippings on music received from teachers/ school • Link- https://www.youtube.com/watch?v=ytpj756tS5o <p>Aroha- Saa rey gaa gaa rey saa, rey gaa maa maa gaa rey, gaa maa paa paa gaa, maa paa dhaa dhaa paa maa, paa dhaa nee nee dhaa paa, dhaa nee saa saa nee dhaa, nee saa rey rey saa ni, saa rey gaa gaa rey saa</p> <p>Avroha- Saa nee dhaa dhaa nee saa, nee dhaa paa paa dhaa nee, dhaa paa maa maa paa dhaa, paa maa gaa gaa maa paa, maa gaa rey rey gaa maa, gaa rey saa Saa rey gaa, rey saa ni nee saa rey, saa nee dhaa dhaa nee saa.</p> <p>Murchhana Padhdhati</p> <p>Saa, rey, gaa, maa, paa, dhaa, nee, saa/saa, nee, dhaa, paa, maa, gaa, rey, saa Ni sa rey gaa maa paa dhaa ni/ni dhaa paa maa gaa rey saa ni Dhaa ni saa rey gaa maa paa dhaa/dhaa paa maa gaa rey saa ni dhaa Paa dha ni sa re ga ma pa/pa ma ga re sa ni dha pa</p>	<p>Activity 1</p> <ul style="list-style-type: none"> • Learning the <i>sargams</i> (Since there are no books some suggestions are given in link-a) • Sing and also play on different musical instruments <p>Activity 2</p> <p>Make a worksheet of sounds, write about its characteristics and compare them, e.g.,</p> <ul style="list-style-type: none"> ➤ Birds ➤ Animals ➤ Breeze ➤ Vocal ➤ Musical Instruments (type) ➤ Machines ➤ Any other <p>Record them on the mobile</p> <p>Activity 3</p> <ul style="list-style-type: none"> • See an episode of <i>Mahabharata</i>, <i>Ramayana</i> or any serial on television. While watching, note down the type of music you hear (such as sad, lively, happy, angry, chivalrous any mood). Try to identify the words of vocal music in the background, identify the types of musical instruments, learn a piece of the song sung in the episode, make a list of costumes of the characters, etc. • Make a portfolio and analyse how music, characters, use of musical instruments complement each other to create an episode. <p>Activity 4</p> <p>Listen to a musician for 10 minutes every day for 7 days. Write how you felt when you listened and if you understand the musical phrases note the features. Then listen to another artist likewise. In this manner you will listen to four different types of artists.</p>

Visual Arts Class X

<i>Learning Outcomes</i>	<i>Resources/ materials</i>	<i>Suggested Activities</i>
<p>The learner</p> <ul style="list-style-type: none"> • differentiates- 2-D and 3D art forms in visual arts. • explains the elements of Visual Arts and Design • appreciates beauty in nature; colours, form, light and shades, different textures and natural forms; work of artists/ artisans and beauty in man-made objects. • Experiments with different methods, tools, equipment and material of visual arts. • understands India's tangible heritage and identify different styles, medium and schools of Indian painting, such as the cave paintings, mural paintings, palm leaf/manuscript painting, miniature painting, etc. 	<ul style="list-style-type: none"> • Pencil B, 2B, 4B • Sheets (even one side used sheets, old copies/ exercise books, etc., will also do) • Bind the loose sheets together into a sketch book. <p>http://www.ncert.nic.in/rightside/links/pdf/syllabus/Art_Educationfinal_syllabus.pdf</p> <p>https://nroer.gov.in/home/e-library/</p> <p>http://ccrtindia.gov.in/visualarts.php</p> <p>http://www.nationalmuseumindia.gov.in/collections.as</p>	<p>Activity 1</p> <ul style="list-style-type: none"> • observe line, shape, form, texture, rhythm, color, composition and perspective, etc., in different parts of the house, and sketch; Sketches have to be quick, free hand without using any tools like eraser, ruler or compass. • work on details of each element of the above with pencil and make drawings. <p>Activity 2</p> <ul style="list-style-type: none"> • Using the above elements, make compositions on different themes based on people, environment, festivals and fairs. • In your drawing book, try to create different textures by applying different pressures with a pencil. Collect small cuttings of paper, fabric, etc., of different textures and paste in the copy. <p>Activity 3</p> <ul style="list-style-type: none"> • Try hands-on-experience with variety of 2-D and 3-D materials of different kinds to understand the basic difference between the two. For example, working with 3-D materials such as; clay, empty cartons/boxes of cardboard, soft wire, throw away bottles, etc., while creating sculptures and 2-D materials such as; paper, colour pencil, crayons, water colours, poster colours, or non-conventional materials for painting or sculpture can provide better and deeper understanding of the 2-D and 3-D methods and material. <p>Activity 4</p> <ul style="list-style-type: none"> • Students can go through the websites of NCERT, NROER and CCRT, different museums and collections to look at the pictures of different styles of Indian painting from the pre historic times to the modern period. They may take notes of different characteristics and elements of paintings in styles of various periods.

Music - Class X

Learning Outcomes	Source/Resources	Suggestive Activities
<p>The learner</p> <ul style="list-style-type: none"> • sings and plays the basic notes of Indian music ➤ classifies different styles of singing, varied types of musical instruments, state and region wise. ➤ Describes India's cultural heritage with its diversity. ➤ identifies various types of music prevalent in different states. 	<p>Art Education Curriculum based on NCF 2005,</p> <p>NCERT, CIET Resources</p> <p>Other resources on Youtube/internet</p> <ul style="list-style-type: none"> • Songs sung by members of family on different festivals, marriages and in other community celebrations. <p>Television DD Bharti telecasts programmes on music each day</p> <p>Mobile phone to watch varied clippings on music received from teachers/school</p> <p>Link-a https://www.youtube.com/watch?v=ytpj756tS5o</p> <p>Sa sa re sa re ga sa re ga ma sa re ga ma pa sa re ga ma pa dha sa re ga ma pa dha ni sa re ga ma pa dha ni saa (taar saptak)</p> <p>Sa Sa ni Sa ni dha Sa ni dha pa Sa ni dha pa ma Sa ni dha pa ma ga Sa ni dha pa ma ga re Sa ni dha pa ma ga re sa</p> <p>The following websites are important; https://sangeetnatak.gov.in/sna/ https://www.youtube.com/watch?v=UWCrkEQGMxM https://www.youtube.com/watch?v=nAT96joR7RA</p>	<p>Activity 1</p> <ul style="list-style-type: none"> • Learning <i>sargams</i> (since there are no books some suggestions are given in the link-a) • Singing and also playing on different musical instruments <p>Activity 2</p> <p>Different types of musical genres are specific to each state. Let the children find out from parents, teachers, videos available on different websites of state governments about the styles prevalent in their own state. Make a small project of a particular state of musical styles, artists, musical instruments, etc.</p> <p>Activity 3</p> <p>Learn any music piece/dhun/song of a particular state. Record it in your own voice/play it on an instrument and record it.</p>

HEALTH AND PHYSICAL EDUCATION

Yoga and other physical exercises during this lockdown period need be considered as an integral part of the everyday activities for everyone, more so for children during who are in the phase of adolescence. WHO has rightly defined adolescence both in terms of age (10-19 years) and in terms of a phase of life marked by special attributes. These attributes include rapid physical, psychological, cognitive and behavioral changes and developments, including, urge to experiment, attainment of sexual maturity, development of adult identity, and transition from socio-economic dependence to relative independence. During the period of social distancing, it becomes more important for children to do some fitness activities at home. One can select Yogic practices as per time and practice. If you were not doing Yogic practices earlier than start with simple and comfortable ones. In yoga both Do's and Don't are very important. To begin with as said earlier simple practices be selected.

Since children at this stage are also passing through the stage of adolescence, it is important for them to know about various aspects of growth and development occurring to them, able to clarifies myths related to growing up issues and empower themselves to develop the ability to apply life skills in challenging situation. For holistic health, knowing is not enough. One needs to be physically active, and mentally alert. Therefore, know about yourself and do yoga and physical activities at home. Alongwith other assignments, spare at least 60 minutes for Yoga and other physical exercises. These activities will enable them to achieve the following objectives even staying at home.

OBJECTIVES

- To promote self-control, concentration, peace and relaxation to avoid the ill effects of stress, and strain of everyday life by doing yogic practices.
- To help them understand changes during adolescence and being comfortable with them
- To help children know and accept individual and collective responsibility for healthy living at home.

- To help children improve their neuromuscular coordination through participation in yoga and a variety of physical activities at home and have physical and mental fitness.
- To develop life skills for dealing with psycho-social issues
- To help children grow as responsible citizens by inculcating in them certain values

CLASS IX-XII

Learning Outcomes	Sources/Resources	Suggested Activities
<p>The learner</p> <ul style="list-style-type: none"> • exhibits healthy eating habits, and personal hygiene. • awareness about importance of sanitation and cleanliness among people. • identifies factors affecting health and wellbeing • explores the relationship between endurance activity choices (jumping skipping or any other exercise, etc.), and health. • performs yogic activities for holistic health • analyses factors affecting growth and development during adolescence period. 	<p><i>Training and Resource Materials on adolescence Education</i> http://www.aeparc.org/upload/39.pdf</p> <p><i>Health and Physical Education</i> Textbook for Class IX http://ncert.nic.in/textbook/textbook.htm?iehp1=9-14</p> <p><i>Yoga A Healthy Way of Living</i> Secondary Stage http://www.ncert.nic.in/gpPDF/pdf/Yoga-Secondary-Stage-13128.pdf</p> <p><i>Yoga for Adolescent</i> http://yogamdniy.nic.in//WriteReadData/LINKS/2662c9a05-ddd4-41b9-be5d-15284952607c.pdf http://yogamdniy.nic.in//Contents.aspx?lsi d=1084&lev=1&lid=691&langid=1</p>	<p>Children at home should be asked to do the following activities</p> <ul style="list-style-type: none"> • Prepare a menu for healthy meal-breakfast, lunch and dinner. Involve yourself in the preparation. • Develop at least 6 slogans on promoting healthy eating habits and justify. Share with friends. • Create an advertisement on how you can build awareness about healthy eating habits, and personal hygiene among your family members and peers. • Gather information about communicable and non-communicable diseases through pictures, news items about their causes, risk factors, and preventive measures, etc. • Gather information on the mission of <i>Swachh Vidyalaya- Swachh Bharat</i> • Do exercise daily at home like jumping skipping, sit-ups, pull-ups, push ups or any other exercise, etc. • If you have space in your home, you can practice the skills of that game. • You may also see the videos given on the website of the Game/sport Federation. • Observe the changes of physical activities and yoga in your body and write down daily in your diary.

		<p>Yogic practices are found effective for development of all dimensions of personality. Before starting asanas, Yoga <i>Sukshma Vyayama</i> (micro yogic practices) to be done. One can do the micro yogic practices related to neck shoulder, knee and ankle movement everyday, each for 3 rounds as suggested by Morarji Desai National Institute of Yoga (MDNIY) which is an autonomous organisation under Ministry of AYUSH, Government of India. In Yoga Protocol, the neck movement includes forward and backward; right and left bending, right and left twisting and rotation of the neck both clockwise and anti-clockwise. Ankle movement includes ankle stretch and rotation. All these activities require about 8 minutes. These Micro Yogic Activities are also important for making one ready to undertake the following <i>yogasanas</i>.</p> <p>Neck Movement</p> <ul style="list-style-type: none"> ➤ Forward and backward bending, ➤ Right and left bending, ➤ Right and left twisting and ➤ neck rotation. <p>Shoulder Movement</p> <ul style="list-style-type: none"> ➤ Shoulder stretch ➤ Shoulder rotation <p>Trunk movement</p> <ul style="list-style-type: none"> ➤ Trunk twisting <p>Knee movement</p> <ul style="list-style-type: none"> ➤ Ankle movement <p>All these should be done with ease without any jerk. Some of the yogic practices are given below you can do asanas for 15 minutes.</p> <p>Asanas</p> <ul style="list-style-type: none"> ➤ <i>Surya namaskar</i> ➤ <i>Tadasana</i>
--	--	--

		<ul style="list-style-type: none"> ➤ <i>Katichakrasana</i> ➤ <i>Bhujangasana</i> ➤ <i>Shalabhasana</i> ➤ <i>Dhanurasana</i> ➤ <i>Makarasana</i> ➤ <i>Halasana</i> ➤ <i>Hastottanasana</i> ➤ <i>Padhastasana</i> ➤ <i>Trikonasana</i> ➤ <i>Shashankasana</i> ➤ <i>Ushtrasana</i> ➤ <i>Ardhamatsyendrasana</i> ➤ <i>Bhujanagasana</i> ➤ <i>Shalabhasana</i> ➤ <i>Matsyasana</i> ➤ <i>Shavasana</i> <p>Kriya</p> <ul style="list-style-type: none"> ➤ <i>Kapalabhati</i> <p>Pranayama</p> <ul style="list-style-type: none"> ➤ <i>Anuloma-viloma Pranayama</i> ➤ <i>Bhramari Pranayama</i> ➤ <i>Bhastrika Pranayama</i> <p>Meditation <i>Yoga Nidra</i></p> <p>All these asanas are explained in the textbooks mentioned as resources. We should spare 45 minutes every day for yogic activity.</p> <ul style="list-style-type: none"> ➤ Should take at least eight hours of sound sleep.
--	--	---

A. BEING COMFORTABLE WITH ONE'S OWN BODY

Knowing oneself is necessary for developing a positive attitude towards life. Particularly for children when they are passing through a period of staying at home due this pandemic.

Read the following case studies and reflect on the questions after each case study

Case Study 1: Rakesh and Mihir, students of Class IX, are walking home together from school. Rakesh begins to tease Mihir, saying that he speaks in a girl's voice. He also laughs at the fact that Mihir has got no hair on his upper lip. Look at me, Rakesh says, – I am a real man. My voice is strong and my face is manly I have so much facial hair. My father calls me 'sher'. This really embarrasses Mihir. He recalls that his mother still calls him my sweet boy'. He decides to go home and asks his mother why is he so different from Rakesh and whether something is wrong with him?

Reflections:

1. Although they are of the same age, why do Rakesh and Mihir look so different?
2. Do you think that there is something wrong with Mihir? Why?
3. How do you think Mihir feels about himself?
4. What should Mihir's mother tell him?

Case Study 2: Robin is in Class XI. He is the smallest boy in his class. Although he likes to play football, he is never selected for his school team. He is quite swift and skilful, but the coach always rejects him saying that he will get pushed around by the other players, who are much bigger than him. One day, on the roadside, Robin sees an advertisement outside the tent of a traveling medicine-man (quack). It shows a thin, weak looking boy in one picture and a muscular glowing man in another. The advertisement claims that a magic drug can bring about this transformation. Robin wants to try this drug, but is scared.

Reflections:

1. Why do you think that Robin is different from the other boys in his class?
2. Do you think that Robin can be a good football player and whether the coach should give him a chance?
3. Do you think that Robin should take the magic drug which cclaims to make one muscular and strong? What are the possible effects of this drug?
4. If you were in Robin's place, what would you do?

Case Study 4: Shalini and her friends in Class IX were preparing for the School's Annual Function. All of them were very excited. Anita, one of Shalini's classmates mocked at her, — You are so dark. We will need additional light to be able to see you on the stage. Shalini's good friend, Madhu felt bad for Shalini and advised her to use a cream to make her complexion lighter. You already dance so well. Can you imagine how nice you will look on the stage if you had a lighter complexion? Shalini smiled and said, Thank you, Madhu. I appreciate your concern but I am happy with my complexion. My teacher and I are working hard on my dance practice and I am confident that our efforts and your good wishes will lead to a good performance.

Reflections:

1. What do you think of Anita's remark about Shalini?
2. Do you think that having a light complexion is important for being beautiful?
3. Do you think that Madhu is trying to perpetuate the stereotype that, having a light complexion is an important component of being beautiful?
4. What do you think of Shalini's response?

Do You Know

- ❖ It is also possible that physical changes may take place early. As a result, one may look very grown up, but may continue to think and behave like a child.
- ❖ There are a lot of products which claim to increase height and muscle mass very quickly, without any additional input of diet and exercise. As you grow, you are drawn towards these products because you feel that these will enable you to hasten the growing up process. It is best to seek medical advice on any apprehension that you might have regarding your growth and the need to use any product.
- ❖ Similarly, advertisements for cosmetics over-emphasize physical appearance, often leading to feelings of inadequacy and low self-esteem. It is important to be confident about who you are and how you look.

B. QUESTIONS FOR SELF-REFLECTION

I am valuable and important because.....

My family, friends and teachers are valuable and important because.....

Do you Think that

- Awareness of positive traits/qualities makes one feel good and enhances self-esteem
- Positive feedback from important people in our lives (for example from parents, family, teachers) also helps us to feel good about ourselves
- When we feel good, we respond to everyday situations more positively
- We should be honest and genuine in our appreciation of ourselves and others
- Positive outlook helps us to recognise and work on our failings and short comings and improve ourselves without being hard on ourselves
- Positive outlook towards ourselves and others helps us to provide helpful criticism to improve rather than hurt them

C. I AM GROWING UP

If you are in the age group of 14-19 years, put a Tick mark

Items	Yes	No
I have armpit hair.		
I am attracted to members of the opposite/same gender.		
I have been growing taller.		
I sometimes feel withdrawn from my parents.		
My leg muscles are getting bigger and stronger.		
I care about my appearance.		
I sweat a lot.		
My friends are very important for me.		

Yes, you are growing up: If you have any doubt, You can read the Training and Resource Materials on adolescence Education.

(<http://www.aeparc.org/upload/39.pdf>)

Teacher can also help the child in dealing with these issues.

D. DEVELOPING POSITIVE INTERPERSONAL RELATIONSHIPS:

Think a while about your good friends and list out 3 things that you admire about your friendship:

1. _____
2. _____
3. _____

There are things you would do for certain people but not for others. How do you decide? Some situations are given below. Complete the sentences after thinking about these situations.

1. If my friend forgot his/her lunch, I would _____
2. If my friend needed to borrow a book, I would _____
3. If my friend talked about running away from home, I would _____
4. If I see my mother is working alone in the kitchen, I would _____
5. If my brother was planning to drive father's scooter without license, I would _____
6. If my team gets defeated in the basketball match, I would _____
7. If my friend is telling me to tease a girl from my class, I would _____
8. If I see a blind person who wants to cross the road, I would _____
9. If my friend has broken the school furniture and I was asked about it, I would _____
10. Mother is unwell and my father tells my sister to stay at home from school and do the household work, I would _____
11. If my friend touches someone inappropriately, I would _____

After completing the sentences, analyse your responses. You will realise that

- Certain actions/behaviours help us to strengthen relationships.
- It is important to nurture positive relationships as they keep us inspired and happy.
- Each person's relationship is different and unique; it is also possible that with time and situation, relationships change.
- Development of values helps us build positive connections with people around us, such as friends, siblings, parents and teachers.

E. STRESS COPING ACTIVITIES

It is important to recognize that stress is something that can be tackled, controlled and definitely decreased. The following suggestions may help harness the additional adrenaline released during stress

- S-T-R-E-T-C-H Stand on your toes whenever you feel under pressure and stretch your body. Pretend you are reaching out to grasp something a few centimeters beyond your immediate reach. Hold this posture for a few seconds and relax.
- Laugh loud, as much as you can: read a comic, see a cartoon film or share jokes and funny stories with your family and friend.
- Discover the 'yogi' in you. Yoga has always been a panacea for stress. Pick up a yoga book. Get started with short sessions (20-45 minutes)
- Listen to your favourite music. It always has a restful effect.
- Talk less, listen more: Listening banishes stress, makes you more popular, more sensitive and overall a nicer person.
- Feel the morning sunshine soak into every pore of your body.
- Eat the right kind fibre containing of food (green peas, vegetables, fresh fruits)
- Count your blessings: this is the best way to decrease or even eliminate stress.
- Make a mental note of good things that have come your way and record them on a sheet of paper. Refer to your 'blessings sheet' each time you feel stressed.
- Compare yourself with yourself rather than with others and assess
- Remember that nothing stays bad forever.
- Always remember that there are many people less fortunate than you.
- Positive forms of expression may include writing, talking to a trusted person, or undertaking physical activity.
- Believe that you are in charge of your life.
- Responding to stress assertively can:
 - Improve our reactions to events
 - Reduce demands on us
 - Increase our capacity to cope

F. WAYS TO DEAL WITH CONFLICT

We all face conflict in our relationships. Do you know how to handle it?

 - a) True
 - b) False

(Ans: 1 d, 2 d, 3 a, 4 b, 5 d, 6 a)

If your answers are as per the key, it means you know how to deal with conflict in relationships. Some Anger Reducing Techniques are also given below.

Anger Reducing Techniques : to get 'rid' of anger

R = Recognize your anger signals and accept that you are angry

I = Identify a positive way to analyse the situation

D = Do something constructive to calm down

G. IDENTIFY DIFFERENT STYLES OF COMMUNICATION

Read the statements and tick mark (✓) at the appropriate column

Statements	Passive	Assertive	Aggressive
Blaming others for negative things in life			
Always placing one's own interests first, at the expense of others			
Valuing personal needs, desires, feelings			
Suffering silently, in consideration of others			
Overvaluing personal needs, feelings, rights			
Blaming oneself for negative things in life			
Expressing negative as well as positive feelings			
Talking as well as listening			
Disrespectful to others			
Listening only to others			

You can adopt passive, aggressive or assertive styles of communication. As a teachers you can share with children. However remember that

- assertive style of communication is the most healthy and positive style of communication.
- say what you think or feel honestly and in a clear tone of voice. Do not apologise for what you think, or put yourself down.
- be calm and speak pleasantly and reasonably, explaining your emotions so as to be understood by the other persons.

H. MY VALUES

A list of commonly understood values that inform the decision we take is provided below. The list is only suggestive. You may think of more such values

Sincerity	Honesty	Integrity	Stability
Fairness	Justice	Loyalty	Safety
Independence	Friendship	Love	Achievement
Comfort	Courage	Perseverance	Equality
Cooperation	Generosity	Honour	Kindness
Punctuality	Respect	Trust	Tolerance
Compassion	Security	Freedom	Commitment

Some sentences are given below, write the values from the table provided above, in the space provided at the end of each sentence. You may have multiple values for each statement. This will help you to understand the values that you follow in your day-to-day life:

- Protect school property_____
- Takes care of younger students during different school events _____
- Follow safety rules while crossing the road _____
- Keeping your home surrounding clean _____
- Switch off fans and lights when not in use _____
- Eat meals with the family at least once a day _____
- Say no to physical fighting and hitting other students in school and outside _____

J. ANALYSE THE RELATIONSHIP AND WRITE YOUR ANALYSIS

Not eating fruits and green vegetables	Lack of essential nutrients
Skipping WIFS blue tablets	Can lead to anemia
Not washing hands before meal and after going to toilet	Can lead to infections
Open defecation	Can lead to diseases and infections like worm infestation, loose motions.
Poor personal and food hygiene	Increases chances of catching Infections
Skipping meal	Affect growth and development of adolescents
Washes hands before eating	Prevents infection
Drinks plenty of water	Equally important for growth, like nutrients
Ensures equal food distribution at home	Healthy family values equality
Eats green leafy vegetables and fruits	Provides essential nutrients for growth
Avoids Junk foods	Promotes growth and development
Use sanitary latrines	Prevents infection and diseases (worm), prevents water contamination

Balanced diet means inclusion of proteins, carbohydrates, fats, vitamins in requisite proportions. In the stage of rapid growth and development, as a child you need to eat a balanced diet so that you can remain healthy. Maintaining proper standards of sanitation are necessary for improving and protecting health and wellbeing of everyone.

Our lifestyle choices ensure a more productive and healthy adulthood. Non-communicable diseases (NCDs) are one of the biggest public health challenges in the 21st century. Fighting with today's challenge of Covid 19 is possible only with social distancing and having good immunity.

Therefore, we need to identify unhealthy behaviours and work towards modifying them. Healthy lifestyle choices like physical activity, doing yoga, eating healthy, and being able to manage stress effectively will help improve the immunity and thereby the holistic health.

Strategies for Students to Cope with Stress and Anxiety

- **Try to have a routine:** Maintaining a routine is the first thing that is compromised in stressful situations. It may be simple enough; not having a fixed time to bathe, have food, sleep, etc. After all, it does not matter. Or does it? It must be remembered that maintaining a routine helps to create discipline and can have a positive effect on your thoughts and feelings. There are ways to stay healthy and develop new routines: create a list of activities which you want to do. These can relate to both studies and fun activities (e.g., try to give time to those areas of study which require more focus and time, playing/trying new indoor games, starting a new hobby, sharing daily household work, solving puzzles, develop puzzles/quizzes related to different subjects, general knowledge, etc., start reading a book, organising/cleaning/arranging clothes of yourself and helping your brothers and sisters to do the same, physical exercises, learn to cook new kinds of dishes and serve them to your parents and siblings, play an instrument, learn a language, learn how to sew, gardening, observing birds, trees, stars etc and relating them to the relevant subjects – geography, science, social science, etc.).

Prepare a plan for daily activities and attempt to be consistent in following it as much as possible

- **Focus on your ‘self’ and recognise your feelings:** We have been trying to fit so many things in the daily time schedule, such as, school, studies, homework, examinations, coaching, etc., that we are not able to take out time for ourselves. It is important to recognise your feelings and acknowledge that it is okay to feel what you are going through as everyone is feeling the same way. The present time at home needs to be seen as an opportunity to allow yourself time to *reflect* on what you have been doing in your life for yourself and for others, which aspects you would like to change, what kind of effort/thinking/action it would require from your side. Try to *observe*, i.e., become aware of your sensations and express what you are feeling. Write down your reflections about what you observed in yourself, did these help you to

understand yourself better? Try to maintain a daily chronicle of your activities and reflections.

Become aware of your thoughts, feelings and actions

- **Stay connected:** As social beings, connecting ourselves with friends and family brings a sense of comfort and stability. Receiving support and concern from others has a powerful impact on our emotional wellbeing and in helping us to cope with challenges. To deal with the present situation and resultant stress there is a need to create a sense of “we” feeling. We in present times have the advantage of technology that has made it possible to be connected globally through phones, mobiles, emails, face book; Skype, Zoom, Whatsapp, etc., are some ways to connect with people. Use these mediums to talk with others, know about their concerns, thoughts and feelings and share your feelings and viewpoints with others. There are many ways we can use technology to stay connected such as:
 - ❖ Call, text, or video-chat with friends and family
 - ❖ Share quick, easy and nutritious recipes
 - ❖ Start a virtual book or movie club
 - ❖ Schedule a workout together over video chat
 - ❖ Share your understanding of a topic, equation, experiment, etc., with others in an online group or peer forum.

Remember social distancing does not mean social disconnection. Its only absence of physical connect, you can still be connected with your friends and family—in your thoughts and emotions.

- **Inculcating positive thinking:** In a situation like the present one, where there is uncertainty, it is normal for students to feel anxious and have negative thoughts. The key to avoid, manage and reduce stress is positive attitude. Never lose hope, begin from your own self and pass it on to all around you. Be persistent in keeping positive thoughts by asking yourself some questions, such as:

- (1) What are the things which I am supposed to do to control the situation?
- (2) Am I over-thinking about the pandemic?
- (3) What strategies have helped me in the past to cope with challenging situations?
- (4) What is the helpful or positive action that I can take now at home?
- (5) How are others (particularly elders – parents, teachers) dealing with the present situation?

Exercise caution on negative thoughts and indulge in more and regular physical movements within home

- **Take care of your body:** Eating healthy and well-balanced diet is important for our body and mind. As students you might have received training in school on meditation and yoga. Now is the best time to start practicing it daily for building better mental and physical health. Fix a time to do it regularly once a day. Do some form of physical activity like aerobics, stretch exercises, yoga *asanas*, deep breathing, dance, etc. Also drink plenty of water and get enough (6-7 hours) sleep every day. This will give energy, boost up the immune system and keep spirits high. This in turn will help to release the stress and anxiety.

Healthy mind is in a healthy body. This is the mantra of well-being.

- **Be informed and updated:** Do not act in a manner that you become an agent in spreading rumours. Take appropriate caution to pass on messages as sometimes these are not based on authentic information. It is vital to stay informed and updated and listen to trustworthy media sources. Constant monitoring of news and social media updates may lead to anxiety. To help reduce fear and anxiety, limit your media consumption to a specific time to listen to news.
