HOLIDAYS: 30th August 2021

ZOO THEMED YOGA

It's no secret that young children love animals. And our kindergarteners are no exception. Our young students studying in Grade KG II learned to act out animals through enacting postures and moves, they enjoyed practicing their favorite zoo animals poses - an introduction to making 'Zoo Yoga' a part of their daily routine.

GARDENING IS GOOD FOR THE SOUL!

Our students studying in Grade KG I enthusiastically participated in the 'Joy of Gardening' activity. What could be more delightful than kneeling in the mud, pulling out weeds with the Monsoon clouds on your back? Children feel Tending a garden is a meditative, humbling experience: they can't force anything, they just have to wait. And yet every time they put something in the ground, it feels like a pronouncement of faith in the future. Gardening with kids has been a great way to get them to appreciate nature.

SAMARTHYA CHAWLA-YOUNG INTACH EXPLORER

School is pleased to announce, Our Student Samarthya Chawla (Grade KG II Commendables) had penned a research titled 'Medieval Marvels & Masterpieces' which was selected to be published in 'Young INTACH- The Heritage Club Newsletter (July -September 2021 Vol:19)' Their articles were adjudged as the BEST ENTRY for 'originality.' Our young Student has been recognised as 'Young INTACH Explorer'.

DR. EKTA DHAWAN
PRINCIPAL

Dear Parents

Hope that Monsoon is adding hues in your routine and you are rejoicing at your best! I am quite elated to watch the teaching learning transactions at school are more focused on making learning fun and meaningful and helping our students make learning an integral part of their lives. The pedagogical focus has moved from content mastery to competency mastery since experiential learning plays a pivotal role in kindergarten. We do understand that our responsibility is not only academic excellence, but preparing our students for life. Hence we have integrated art and other co-curricular activities in our curriculum, coupled with life skills. Ergo, after these Reinforcements, there will be a tremendous amount of opportunities in upcoming months and I encourage you to motivate your child to be as involved as possible. Students that feel connected to their school have shown to be much more successful in their school experience. Without an iota of doubt, I can say that we are just not a school, but 'an experience' that every learner would like to go through in their learning journey. Welcome to this experience!

AMANPREET KAUR
Mother of Ekmanpreet Kaur (Nur- C)

BLPS - a legendary name of today's tough education system. I remember the very first day when I entered the school premises along with my little one holding her hand toward her first learning place, with a lot of questions in mind and making one and another strategy to know how virtuous this school is to make us believe that we have chosen the right place. The techniques adopted by the mentors from time to time to improve the learning skills is beyond expectations. Either it is "Weekend task" or "Any Craft Activity", by each and every such practice; they are doing their utmost efforts to improve our wards to become responsible and shining citizens of the nation.

IMPRESSION PAINTING COMPETITION

School held its Impression Painting Competition-2021 for kindergarteners. Impression-painting allows application of Imagination leading to creativity enabling kindergarteners to produce good work in a jiffy. It's a rewarding experience, since it enhances colour shape recognition and coordination between the eyes and hands.

Results announced are:

NURSERY

1. Kirtesh- Nursery Dazzlers
2. Gunika- Nursery Blossoms
3. Tejas - Nursery Dazzlers

1. Pranika- KG- I Adorables
2. Lishan- KG- I Commendables
3. Kshemya- KG- I Dazzlers

KG- II

1. Japreet Kaur- KG- II C
2. Dhruv- KG- II D
3. Gurfateh - KG- II D

LEMONADE - REFRESHING DRINK

Students of KG -II were taught 'Survival Skill - Making Fresh Lime / Nimboo Paani'. Making Lemonade is the first essential learned optimism in young children and provides practical, hands-on exercises & activity every parent can use to positively affect children. This equips our young students to be more successful learners and importantly, develop a sense of ability and initiative. Surprisingly, this simple skill of preparing and serving Nimboo Paani is known to develop an optimistic thinking style while steadily generating resiliency, leadership, health consciousness, and "grit."

TEACHER'S MESSAGE

Learning may begin in the classroom, but it certainly doesn't end there. That is what we all learnt from online classes experience that life of students and teacher is not limited into the classroom. We did so many things rather than only education. We conducted summer camps and got to build connectivity with students. With this I personally explore various new skills. We got to learn a lot about behaviour of students, making them active with various activities sitting at home in this pandemic. We explore how to deal with various challenges. This proved to be a very good opportunity for all the teachers to learn new things. That is why it is said that teachers set up the signs for the road ahead that is life itself.

Amarpreet Kaur
KG Instructor

CIRCLE HOUR: CONVERSATION

Q1. Name five sense organs.

A: Five sense organs are eyes, ears, nose, tongue and skin.

Q2. Which sense organ helps us to taste?

A: Tongue helps us to taste.

Q3. What do you do with your mouth?

A: We eat food with our mouth.

Q4. How many fingers do we have?

A: We have ten fingers.

Q5. Which body part helps us to walk?

A: Legs help us to walk.

SONG OF THE MONTH - MOVE WITH ME

Shake one leg to the left. And shake the other to the right. Move with me.

Wiggle your shoulders back and forth. Wiggle your shoulders down to the floor. Move with me. Stretch your arms up to the sky. Bend down low and touch your toes. Move with me.

Kick your feet and keep them low. Now kick your feet up very high. Move with me.

Jumping forward and side to side. Jump on back, give one foot a try. Move with me.

Jog in place, nice and slow. Jog real fast and watch us go.

Move with me, move with me.
