## BE THE EINSTEIN

Avika Gupta (Grade IV) has developed an enhanced proficiency in making complicated calculations by applying UCMAS methods, she is a Triple Digit 'Calculation Genius' Nowadays, reputed Educational Institutions around the world are incorporating Abacus in their regular syllabus with the aim of sharpening the basic mathematical skills in students. Extensive research on the subject has consistently proved that regular practice in Abacus results in a more proficient and sharper brain.

## LIFE IS A FESTIVAL

Khushi (Grade-V Commendables), mentored by Aarti Puri -Form Tutor, celebrated Lohri with full enthusiasm. She prayed for well-being and happiness for all. In her message she emphasized that Lohri is all about paying gratitude to the almighty and dancing to the beats of the dhol and enjoying a scrumptious feast.

## CHALLENGES SERVE OUR SOUL'S GROWTH

Students studying in Grade V were actively engaged in conducting experiments related to learning 'Mathematics - Types of Angles'. Students tend to get deeply engrossed in geometry experiments - exploring patterns and ideas. Such learning routine is equipped with a collection of games & puzzles, used both by the students on their own and with their teacher to explore the world of mathematics, to discover, to learn (Parallels, Perpendiculars & scale of degrees) and to further develop an interest in Mathematics. Students were mentored by form tutors: Natasha, Vandana, Aarti and Veena.

### DIRECTOR'S MESSAGE

**Simrita Singh**

Dear Children, Basant Panchami marks the beginning of spring. Celebrations begin with invoking the blessings of Goddess Saraswati. The secret is to share your talent and knowledge with others. Sharing is caring. Savour the little things life gives you. Childhood is the best phase of your life! Enjoy it with friends and family. Make beautiful memories. Learn to protect nature. Save water, Say no to plastic, Feed birds, Spread kindness wherever you go. Let your dreams blossom this Spring. God bless you all.

### PRINCIPAL'S MESSAGE

**Dr. Ekta Dhawan**

Dear Readers !  
Greetings to all !  
With a hope to have a great new year ahead we are well positioned to provide more meaningful support to our students. The amount of work done in previous year was overwhelming and was the result of collaborative effort of teachers, students and their parents. On one hand where teachers worked hard and relentlessly the students also became the active members of the team and showcased their talent with great zeal and zest. The previous year was ornamented with a variety of activities which made BLPS shine like a star in the sky of the city. The same enthusiasm is expected this year also and a spirit full of positivity which will take us to the heights of success through the tough times of pandemic. During these tough times teachers as well as students are trying their best to cope with the situation and stay connected with each other. Even in on-line classes children are unleashing their creativity impressively. BLPS not only works for the academic excellence of students but also prepares them for life and to achieve this integrated art and co-curricular activities coupled with life-skills are added in our curriculum. BLPS from its inception has been a place where students are encouraged and supported to excel. Academic excellence with character and well developed personality is our ultimate goal. This is evident from the consistent excellent academic results of our school. The multicultural and inclusive learning environment enables every student to become a responsible global citizen. Behind our success are the ideas and aspirations of all our stakeholders. We are sincerely thankful to all of them for extending their invaluable support in achieving our feat. I wish all the best to students for their upcoming exams and suggest them to prepare well for the same. I would like to suggest the students to understanding the topics rather than just learning for the sake of writing in exams and score marks. Parents should also motivate the children to focus on knowledge rather than just scoring marks so that all should score well in exams. God Bless Us All !

## Every Problem has a solution

## Girls are Pearls

On the occasion of National Girl Child Day 2022! Students comprising school's Junior Prefectorial Board call upon all parents to empower girls through further education & ensure that there is no gender discrimination. Boys must be made to respect girls from a young age. A change in mindset is the need of the hour; only then will our girls feel safe and that there must be zero tolerance towards crimes against women.

Students studying in Grade II were actively engaged in a routine 'Fun with Maths' learning Multiplication-Table of 12. Students understand that different people have a different perception of Maths, for some students its boring and for some it's very challenging. It's famously said 'What is mathematics? It is only a systematic effort of solving puzzles' Students were mentored by their form tutors: Shikha, Manpreet, Sannia & Harpreet.

## CREATE THE FUTURE

Students (as young as Age 13 Yrs) of Grade VIII onwards have developed an inclination towards Entrepreneurship. As young Startups they are going to be the backbone of new India. When India completes 100 years of independence, startups will have an important role, as our Country's innovators believing in the ability and creativity of our young students is the base of development of any progressive nation. They shall have their footprint Nationwide & Worldwide, becoming self-confident and proud of their achievements.

## COURAGE IS GRACE

## LEARNING IS EVERGREEN

Student Prefects extend greetings to the valiant men and women of the Indian Army. We remember the brave hearts who made the supreme sacrifice in service to the nation. We shall remain forever grateful to courageous and committed soldiers, veterans and their families.

Students studying in Grade III were actively engaged in Art & Craft Tutorials - 'Mask Making Craft' mentored by their Form Tutors Mandeep, Pooja & Gurjeet. Students enjoyed the DIY(Do It Yourself) Activity by cutting out holes near the nose and eyes on chart paper and decorated their work/masks in different colours and shapes of their favourite Animals & All purpose Carnival Masks etc. They provisioned corners, for easy fastening. These exciting educational activities will keep our young students plenty busy while they are restricted at home.

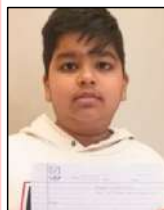

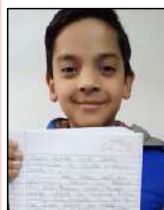

## ART FLOURISHES THE SOUL

Students studying in Grade VII were actively engaged in Art & Craft Tutorials 'Creating Sci-fi Cartoons'. Students enjoy drawing and find it interesting. Drawing Art gets our Students excited and they are willing to make it into a lifelong hobby.

## CREATIVITY IS INTELLIGENCE

Students Studying in Grade IV were actively engaged in practicing creative writing 'Framing a concise paragraph' titled Swachh Bharat : Swasth Bharat , as part of our language English language learning programme 'Make your writing Sparkle' aimed at helping students learn to write well-developed paragraphs, plus activities under Swachh Bharat Mission to reinforce hygiene & cleanliness behaviors. Students were mentored by Rajneet, Jaswinder, Pooja and Geeta (Form Tutors).

## YOUTH IS HOPE OF LIFE

## Challenges server our Soul's Growth

On the 159th Birth Anniversary of Swami Vivekananda, celebrated as National Youth Day in recognition and honour of his teachings. Students in Leadership Positions paid tributes to Swami Vivekananda over a talk

highlighting Vivekananda shall continue to be an inspiration for entire humanity, for the youth in particular, for his emphasis on deriving
