SIZE DOES MATTER

Principal's Message

Dr. Ekta Dhawan

Dear Readers !
Greetings to all !
With a hope to have a great year ahead we are well positioned to provide more meaningful support to our students. The amount of work done in previous year was overwhelming and was the result of collaborative effort of teachers, students and their parents. On one hand where teachers worked hard and relentlessly the students also became the active members of the team and showcased their talent with great zeal and zest. The previous year was ornamented with a variety of activities which made BLPS shine like a star. The same enthusiasm is expected this year also and a spirit full of positivity which will take us to the heights of success. During these tough times teachers as well as students are trying their best to cope with the situation and stay connected with each other. Even in on-line classes children are unleashing their creativity impressively. BLPS not only works for the academic excellence of students but also prepares them for life and to achieve this integrated art and co-curricular activities coupled with life-skills are added in our curriculum. BLPS from its inception has been a place where students are encouraged and supported to excel. Academic excellence with character and well developed personality is our ultimate goal. This is evident from the consistent excellent academic results of our school. The multicultural and inclusive learning environment enables every student to become a responsible global citizen. Behind our success are the ideas and aspirations of all our stakeholders. We are sincerely thankful to all of them for extending their invaluable support in achieving our feat. I wish all the best to students for their upcoming exams and suggest them to prepare well for the same. I would like to suggest the students to understand the topics rather than just learning for the sake of writing in exams and score marks. Parents should also motivate the children to focus on knowledge rather than just scoring marks.
God Bless Us All !

Preschoolers were actively engaged in an Activity titled 'Differentiating Sizes '. Kindergarteners find it both Interesting & Fun comparing sizes - an important aspect that comes in handy in everyday life. Helping young students to form a base for future math activities.

EXPERIMENTATION IS THE GREATEST SCIENCE

Kindergarteners were actively engaged in beginners Science experiment, fascinating for every young student - Investigate which solids dissolve in water. Students were made to understand when a substance dissolves in water, you can't see it anymore, it's still there, but has mixed with the water to make a transparent liquid called a solution.

LET SUCCESS BE YOUR NOISE

Yashika Sharma (KG II Adorables) participated in INTACH, New Delhi 'ANNUAL CARE FOR HERITAGE CHALLENGE 2022'. Contestants were mandated to share their thoughts about a) Protection & b) Preservation of our Natural Heritage (Flora, Fauna , Water Bodies etc), Craft Heritage & Architectural Heritage. School encourages young students to participate in campaigns to learn to preserve India's art, culture and heritage and to Re-invent, Rebrand, Renovate and Re-house them, in an endeavor to develop India as major centre of Heritage Tourism in the world. Our Kindergartener's participation received a ' Special Mention ' as an explorer.

SCIENCE IS THE POETRY OF REALITY

Pre-schoolers were actively engaged in Beginners Science lessons 'Sorting Leaves & Petals'. This Kindergarteners led science experiment is a fascinating and quick learning activity that the entire family enjoys. This gives children the opportunity to observe what leaves look, feel and even smell like.

ACTIVITIES OF THE MONTH

ALWAYS SEEK KNOWLEDGE

Pre-schoolers were actively engaged in an activity which involved handling a variety of shapes and practising sorting shapes: Form tutors participated with the pre-schoolers aiding in the exploring knowledge of shapes and sizes.

MAKE YOUR LIFE A FESTIVAL

Aamreen Kaur (KG-II Blossoms) extended Makar Sankranti greetings to everyone. In a monologue she expressed, Makar Sankranti is marked with enthusiasm in several parts of India. This auspicious festival illustrates India's diversity and the vibrancy of our traditions, she said. It also reaffirms the importance of respecting Mother Nature.

LIFE IS AN ART, PAINT YOUR DREAMS

Pre-schoolers were actively engaged in Art & Craft. Tutorials titled 'Lohri Bonfire' 'Nature Craft' activity aids young learners in getting familiar, understanding and acquiring

knowledge of building a campfire. Having outdoor skills like knowing how to build a fire are essential. Pre-schoolers were instructed by their form tutors.

CREATIVITY TAKES COURAGE

A GIST OF TEACHER'S PRAYER

As a teacher, it is so satisfying to be surrounded by the love and innocence whole day. It is such an honour to be able to teach students. There is nothing more magical than watching my students succeed and grasp new concepts. Being a teacher, it is challenging for me most of the times, but teaching is also a rewarding work. It is important to be optimistic and stay positive. Kids make you laugh, touch your heart and give you hope. I express my gratitude to BLPS for giving me the opportunity to share my knowledge with students.

- Lucky Sharma

UNE LETTRE DE MERE: A MOTHER'S MESSAGE

A school is a place where parents send their children because they want them to develop into good citizens and humble humans. Hence it is very important that the place should be well chosen. As a parent, this was definitely a difficult task. But as I look back at the day when we decided to choose Bawa-Lalvani Public School for our child, I really feel glad that we chose this educational institution. School focuses on holistic and progressive education for children.

They put in a lot of efforts to strengthen the base of the child. They emerge as human beings with a difference. I really appreciate the efforts of the teachers who give personal attention and care to each child. They have very good educational policies too. At last I would say that I can see my ward developing good cultural and social attitude only because of the teaching at BLPS.

- Harneet Kaur, Mother of Samreen Talwar
