 HOLIDAY: 14th & 15th April

DIRECTOR’S MESSAGE

Simrita Singh

Dear Children,
Happy Baisakhi.
May this festival be filled with joy for you.
We must introspect and aspire, pray and persevere for a better world order. Harvest the fruit of your soul. Be honest, polite, sincere, helpful, empathetic and compassionate towards your Teachers, Parents, family and friends. Covid has taught us to face any sort of adversity and emerge victorious. We must follow the example of the wheat shaft by standing tall and being resilient in mind, body and soul, come what may.
Stay blessed and divinely protected.

PRINCIPAL’S MESSAGE

Dr. Ekta Dhawan

Dear Readers
Greetings to All !
The golden years in school are not about lessons and home works but about growing and excelling in every way possible, to fit into the fast changing and fast progressing world. We are witnessing unparallel changes in every field, where there is struggle for existence, where the strongest and fittest is accepted and appreciated. We at BLPS under the benign blessings of Almighty are dedicated to provide catalytic impulses to every child to stretch inherent learning competencies through a self discovery process. BLPS shapes up the students to be good at heart, rich in moral values, meticulous in thought, systematic in planning and smart in action. We strive to endow the students with a platform, helping them to broaden their horizon and in the process provide them healthy, refined, holistic and substantial education. We arm our students with technological supremacy and help them integrate it with values as we firmly believe that every child has the potential to achieve something significant. BLPS is a firm believer of transformation in education; it is a convinced fact that how we raise our children today will have a profound effect on the future of humanity. The school follows holistic, stress-free and child-centric approach to teaching-learning with a focus on individual interests and needs. Our students are encouraged to think and learn independently. The modern curriculum which we have developed at BLPS is progressive and based upon the realities of contemporary pressures. The teacher-student-parent relationship ensures individual care and attention to each child. We value your suggestions which help us to grow. Let us all work in unison to achieve group goals and objectives and usher into an era of education which is forward looking and is participative.
Wishing you a year of enlightened effort and success.
God Bless Us All !

Session 2021-22 had been an enriching year for students. Our students have grown not only in stature, but also in grace and wisdom. They are more confident and have developed skills of self-management and teamwork. Recognizing the hard work put in by the students who have made exemplary efforts in the different scholastic and co-scholastic areas in the year 2021-22, School hosted HONORS DAY - presentation of

medals and certificates to commemorate outstanding performance and achievement in Intra class activities, Sports competitions, Academic Excellence & Proficiency in cultural activities - an opportunity to express our heartfelt appreciation to all parents/guardians for the generous support and partnership in nurturing the girls & boys in their holistic development throughout the Hybrid Learning year.

DREAM BIG STAY POSITIVE

School Team comprising Dhruv Dalal (Grade IV) & Raghav Dalal (Grade VI), participated in the Nationwide BYJU's Discovery Quiz Competition - 2022. The contest attracted participation by over 50000 students representing over 23000 schools across all States & Union Territories. Students came on top in being judged for a) accurate and prompt responses - Mathematics & Sciences & b) Clarity of Presentation.

ACHIEVE WITH ALL YOUR MIGHT

School hosted Kindergarten Honours & Graduation Day. Kindergarten's classes of 2021 comprising 106 young students graduated as a community of learners valuing all relationships and support provided. As creative members of our kindergarten, children fostered natural curiosity and concepts of literacy, numeracy and science through a wealth of stimulating resources and spontaneous and planned activities throughout the year.

UNFOLD THE HISTORY

Maninder Singh (KG II) participated in INTACH's "MODERN WONDERS Challenge". Kindergarteners have begun to understand that from time immemorial humans have built spectacular structures, buildings, monuments and other wonderful structures that have amazed historians and common people for generations. Some of these structures have been listed by UNESCO as 'Modern Wonders' The young student's entry secured him a Bronze.

A BLOCKED PATH ALSO OFFERS GUIDANCE

Workshop on 'Pursuing further studies in Foreign Countries'

SUCCESS IS A PROCESS

School Team comprising Gursimran Kaur (V), Kamalika Arora (IX) & Pratham Bhardwaj (XI) participated in International Olympiad 'Health, Wellness & Value System'. The online contest attracted participation by 150 students worldwide. Students came on top having expressed 'Wellness' being an active combination of Physical, Emotional & Social Health, Gursimran, Kamalika & Pratham were conferred Certificates of Excellence & along with a Gold Medal.

ACTIVITIES OF THE MONTH

ALL PROGRESS TAKES PLACE OUTSIDE OF THE COMFORT ZONE

Kindergarteners (KG - II) were engaged in an active routine of Athletics. Kindergarteners initiated into learning short 'Sprints & Freeze' with an emphasis on body movement and breathing techniques. Through such sports activity the basic areas of growth we target are strength, endurance, flexibility and coordination for young athletes.

FOCUS ON THE PROCESS TO GET RESULTS

Students have once again achieved strong results in the CBSE Board Examinations Term-1 2021/22. BLPS's average score is higher than the CBSE's global average, widening the gap between ourselves and other CBSE schools around the world (100% of our students have passed without dropping even a single subject). We commend our teachers for another outstanding year. Their commitment to the students and school is what drives these exceptional academic results. On behalf of the parents and school, we applaud them for always challenging the students to achieve more than what they could have thought possible - 37 students secured 90% and above, 41 students scored in the range of 80% - 90%, 8 students secured 70% - 80%, whereas one student bagged 66%.

BLOOD OF MARTYRS IS THE SEED OF A NATION

Students studying in Grade X observed Martyr's Day in memory of Sardar Bhagat Singh, trained at the National College of Lahore, who took part in the non-cooperation movement and like many others and joined the revolutionary movement after Mahatma Gandhi suspended the non-cooperation struggle. Sardar Bhagat Singh's valour motivates Indians across generations. We bow to this proud son of India on his Martyrdom day remembering his heroic deeds that contributed to India's freedom.

DREAM IN COLOURS TO BE CREATIVE

On the occasion of HOLI, commemorating the peak of spring, the blossoming of love & joy Kindergartener Samarthya Chawla (KG II) in a monologue expressed his understanding of the festival - celebrating the day with fervour generating happiness, faith, & trust.

ART SPEAKS WHERE WORDS ARE UNABLE TO EXPRESS

Students of Grade VI were actively engaged in their daily Art & Craft Tutorials, learning 'Fabric Painting'. It's an interesting crafts hobby for young students to practice and adopt, they find it fascinating to create some unique and

GO DOWN DEEP ENOUGH TO SUCCEED

Lovish Chopra (Grade II), Aarav Goyal (Grade III), Anantbir Singh (Grade IV) & Pahulpreet Kaur (Grade VII) successfully secured 'Distinction' & Gold at the International Olympiad of Mathematics. The International Mathematical Olympiad is the oldest of the International Science Olympiads, originated in Romania & held annually since 1959. The competition was keenly contested, by more than 200 students representing Grades I - IX.

COLOURS: THE SMILES OF NATURE

Kanav Partap Singh (Grade I Dazzlers) and Kabir Sirohi (Grade I Blossoms) participated in INTACH's 'Holi Challenge'. The challenge mandated contestants to prepare 'safe colour' to be used while celebrating Holi (Central India), Rang Panchami (Maharashtra & Gujarat), Manjul Kuli (Kerala) & Hola Mohalla (Punjab). The challenge attracted participation by students from across India. Young students secured a 'Special Mention' for their works.

ITS ALL ABOUT THE JOURNEY NOT THE OUTCOME

Preschoolers were actively engaged in daily riding practice on 'Tricycles'. It's an all-time fun activity, one can find Preschoolers pedaling easily and regulating their tricycle efficiently. But what benefits does a child get? It's probably a most effective way to improve balance and coordination of various parts of a young student's body.

GO THE EXTRA MILE. IT'S NEVER CROWDED

Students studying in Grade X attended a special conference 'Academic Subjects Options - 2022' This interactive conference enabled the students to have an insight into Senior School Education choices alongside prospects. Students were brought up to speed about reasons why they might choose to pursue learning certain subjects & learn about the options available to them and that their choices must be in conformity with their future plans.

ALL WORLD IS A STAGE

Students studying in Grade X were actively engaged in their weekly lessons, learning 'Theatre & Dramatics'. Students are growing into Theatre enthusiasts; they value & enjoy the art form for it liberates their creative urge as actors, musicians and directors with new energy and a new understanding of the society that we are a part of.
