Principal's Message

 **Dr. Ekta Dhawan**

Dear Readers
Greetings to All !
We are all working diligently to make the most from the last two months of school and I want to thank everyone for their ongoing. As the weather gets warmer, it may be tempting to skip out on remote learning days but it is critical that students attend all their classes daily to avoid falling behind. Today, the role of a school is not only to pursue the academic excellence but also to motivate and empower the students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. Converting every individual into a self-reliant and independent citizen, our school provides an amalgam of scholastic and co-scholastic activities. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of Education. "To Motivate the Late bloomers, To Mold the Mediocre and To Challenge the Gifted" is the teaching notion. Providing good quality modern education including a strong component of cultural values, environment awareness and physical education to talented children in rural areas irrespective of their family's socio-economic condition is the prime motto of BLPS. A committed and supportive management, dedicated teachers, caring and co-operative parents blend harmoniously to create this school as a child-centric school. Success comes to those who work hard and stays with those who don't take rest on the laurels of the past. A Long way to go – we can do it! With warm wishes !!!!!
God Bless Us All !

AGE IS NO BARRIER. IT'S A LIMITATION YOU PUT ON YOUR MIND!

Our Preschoolers were actively engaged in 'Climbing Wall' activities. It is one of the most innovative physical activities of today as it builds physical skills. Our team of educators has written a variety of climbing wall lesson plans to challenge and captivate preschoolers of varying ages and abilities. They include beginner climbing activities, cooperative climbing activities & intermediate-level climbing activities.

IT TAKES A BIG HEART TO SHAPE LITTLE MINDS!

School held Student's Orientation Session specially for induction into Kindergarten - an opportunity for the students to meet their Principal & Teachers. At the orientation, student's were advised about all the prerequisites that may be required. Heading towards another phase at School is a big change for students and parents. To help ease the transition, our orientation session helps parents prepare and make School a good experience for everyone.

COLORING GIVES WINGS TO THE IMAGINATION!

YOGA LESSONS!

Kindergartners were actively engaged in Yoga lessons - learning Postures (aasanas): savasana & makarasana, guidance by our fitness instructor. These asana's assist in early development of ability to Concentrate!

GREETINGS ON BAISAKHI 2022

Keeping with the tradition of celebrating all festivals with fervour and gaiety while introducing children to the rich cultural heritage of Punjab, our students studying in Kindergarten observed the day with immense Joy & Enthusiasm. It was on this day in 1699, the Khalsa was established. There is a huge need to live the Khalsa ideas. These include Persevere, Fairness, Respect, Sharing with needy and Equality for all regardless of race, creed, religion or gender.

A GIST OF TEACHER'S PRAYER

Children at their earliest ages should learn and realize the importance of education in their lives. Some kids, however, may resist our efforts and insist on doing things their way. As a parent, your best teaching tool is your attitude. Having a positive attitude about learning new things instills similar beliefs in your child. We should make them believe that education is the ticket to fulfill their dreams and having a productive life.

Our preschoolers were actively engaged in practicing 'Synchronised movement' a practice to enhance within-group cooperation. Walking is one of our most natural, daily actions. Now, a new study suggests that walkers use step synchronization as a form of non-verbal social communication.

LA LETTRE D'UNE MÈRE : A MOTHER'S MESSAGE

I, as a mother was contemplating as to which school will be the best for my daughter but now I can say that I am really contented with the decision I made to send my daughter to BLPS. The teachers and the entire staff, have been really welcoming and accommodating towards my daughter. I feel happy to see my daughter being all cheerful and motivated to go to school every day. There has been a drastic change in her personality as a child, she has become much more jovial which gives me an assurance that BLPS will make my daughter a bright and a confident individual in years to come. My heartfelt gratitude to entire fraternity of BLPS for all the guidance and learnings you are imparting to my child, wish you all the luck for all the future endeavours.

Nishtha Gauba
Mother of Achint Gauba

CONVERSATION QUESTIONS

- Q. What is your name?
A. My name is _____.
- Q. In which class do you study?
A. I study in _____.
- Q. What is the name of your school?
A. The name of my school is Bawa - Lalvani Public School.
- Q. What is the name of your Form tutor?
A. The name of my form tutor is Ms. _____.
- Q. What is the name of your school Principal?
A. The name of my school Principal is Dr. Ekta Dhawan.

GAMES PROVIDE A CHANCE TO EXCEL!

Our Kindergarteners were engaged in an active routine of PT Warm up games. The Kindergarteners have been initiated into learning Track & Field with an emphasis on body movement and breathing techniques. Through such sports activity the basic areas of growth we want to target are strength, endurance, flexibility and coordination for young athletes.

SONG OF THE MONTH

Welcome, welcome
How do you do?
I am so glad to see you!
Sit down, sit down all in a ring
Hold each others hand too
Happy, happy, that's how we feel
When we are together
Happy, Happy
When we are together!
