PRINCIPAL'S MESSAGE

Dr. Ekta Dhawan

Dear Parents / Students,
Greetings!

Given the challenges of recent years, it has been wonderful to share our school's progress and success and make plans for the next half of the session. Our sense of purpose remains and is well-understood through our Mission and Vision. We have worked so hard to maintain the momentum over the years, and we are beginning to see this increase through the actions and achievements of our students and staff. The year ahead is exciting, and the school is full of optimism about what we can achieve and the progress we can make. This optimism is central to helping our students flourish academically, personally and socially. A strong focus on wellbeing and clarity of purpose are important components of this. Most importantly, the festival of lights Diwali is round the corner & I wish you a harbinger of joy & prosperity on this Diwali. The day signifies the victory of good over evil. As you celebrate this day with your family "Do remember to not ask for any expensive gifts" and do request your family that whatever local shopping they might want to do, they should do it from the small businesses and not from big brands. Be a responsible person. Be Safe "No Crackers at all". Help needy persons who come across on the street. The Management, Teachers & Staff join in me in wishing you all!
