The Award in Action

Continuing our stories to showcase the tenacity, character and determination of Award Participants to continue their Award Journey in these unusual times.

Street Play on Drug Addiction by students of Bawa-Lalvani Public School, Kapurthala

If the Youth arise and act; they have the Strength & Dynamism to generate a huge Transformation in the Society!!

The students of BLPS pursuing the **Silver Award** of The International Award for Young People performed a Street Play titled 'Say No to Drugs' to spread Anti-drug awareness in the society. Street Play is the new weapon in a bid to control growing drug abuse among youth.

The students performed for an audience of Kapurthala at Jallow Khana, Railway Station & Bus Stand to sensitize the general public about the ill-effects of drug abuse and its effect on the health of humans and society. The students left the audience spellbound with their awestruck performance and succeeded to make an emotional appeal.

They inspired the folks to refrain from the use of drugs. The young students intrigued the folks well. They motivated them to play their role as responsible citizens in society and make checks on such evil acts. The students, through their impressive dramatization of the characters and highlighting their sufferings, are determined to bring a change in the world with their small bit. These young learners made a call to the audience to join the movement and take a pledge to help addicts recover. These short plays portrayed the traumatic life of a drug addict and the emotionally shattering experience the family of an addict has to go through. The idea is to dissuade impressionable youth from the fake glamour of drug culture. These plays provided an insight into the anguish of the drug addicts and their family members. The battle against drugs clearly needed to be taken to the street as drug addiction is eating our society as termites.

The International Award for Young People, India has played an important role in making our students understand their responsibility towards society.

Call for Award Stories!

The International Award for Young People, India invites all of its Award Participants and Award Leaders to send us write-ups/stories of their Award journeys. The Coronavirus induced pandemic had brought about unprecedented changes and obstacles for all of us. Millions of people around the world have been affected by the COVID-19 virus outbreak. In several places, schools and youth organisations had to be closed and people confined to their homes to reduce the spread of the virus. This proposed a challenge before youth organisations like The International Award for Young People as we all shifted to an online mode of work. However, our young and motivated Award participants did not let the pandemic deter their spirits, and with the help and support of their Award leaders, many have successfully completed the

Award. We thus, call upon all our Award Participants and Leaders to share with us their journeys of pursuing the Award during this pandemic. We would love to know and publish your Award success stories in The Award Weekly.

Send us your Award stories and photographs at – ai@iayp.in with the following details:

- **Institution**
- **Award Level**
- **Whether pursuing the Award or completed/Date of Completion**
