Happy Holidays!

PRINCIPAL'S MESSAGE

Dear Students

As summer unfolds its golden days and grants you a well-deserved pause from the academic routine, it is the perfect time to recharge, reflect and reorient yourselves for the journey ahead. The summer break is not just a breather—it is an opportunity to invest in yourself beyond textbooks. Whether it's completing your holiday assignments, fine-tuning project work, or organising your subject files, use this time to stay constructively engaged and academically anchored. Alongside your studies, make room for rejuvenation. Pick up a new skill—learn a musical instrument, explore creative writing, or dive into coding, art, or a refreshing sport. Engage with books that expand your horizon, challenge your perspective, or simply bring you joy. And yes, take time to unwind—play a board game with your siblings, help your parents in everyday chores, or simply observe the world around you with curiosity. Take care of your physical and mental well-being—hydrate often, eat light, and give your eyes a break from the screen. Reconnect with nature when you can, and reflect on your personal goals for the upcoming term. Come back not just rested, but refocused—with clarity, motivation and renewed energy. Let this summer be a season of meaningful experiences, creative growth and personal development.

Wishing you a Purposeful, Peaceful & Productive summer!

May God Bless Us All!
