DIRECTOR'S MESSAGE

Dear Children
Always strive to become a better version of yourself! Progress is not achieved by luck but by working on yourself every single day. Endeavour to grow mentally by meditating, learning new skills like singing, reading, writing, or even picking up a new language. Grow physically by building your strength and stamina—you can start by playing a sport. Both the mind and body are nourished through consistent, moderate effort. That's the key! Practice this balance during your summer vacation. We must lead a resourceful life. It's not about what we have, but how we use what we have.
Keep shining and smiling!

PRINCIPAL'S MESSAGE

Dear Students
As the vibrant month of May gently ushers in the anticipation of summer, I take this opportunity to extend my warmest wishes to each one of you. While the season hints at a joyful recess, it also brings a moment of reflection and responsibility. For students of Form III to XII, the upcoming Periodic Test-I stands as an important milestone in your academic journey. These assessments are not merely a measure of knowledge, but a reflection of your dedication, consistency and understanding. I urge you to prepare with sincerity, revise diligently, and face each test with confidence and composure. As you all move closer to the summer holidays, I encourage you to spend this time wisely. Summer break is not only a chance to unwind but also an opportunity to recharge meaningfully. Read books that expand your horizon, engage in creative pursuits, lend a helping hand at home, and above all, cherish the time spent with family and friends. The heat of summer also calls for caution. Stay indoors during peak hours, hydrate yourself regularly and consume fresh fruits and light meals to stay energized. Remember, every moment can be a chance to grow—mentally, emotionally and spiritually. Be curious, be kind and let this summer be a season of joy, discovery and renewal.
Wishing each one of you success in your Periodic Test-I and a safe, happy & rejuvenating summer break ahead!!!
